

Christ the Substance | Colossians 2:16-19
Rev. Dr. Russell St. John

1. What good practices from the Old Testament MUST Christians stop doing today? Why?
2. How did the ceremonial laws of the Old Testament set apart the Israelites from the nations around them? How did these laws prefigure the work of Jesus for believers? Why are these OT laws now abrogated in Christ?
3. Festivals, new moons, and Sabbaths . . . what other supposedly required practices do people use to try to exclude others from salvation?
4. How does Galatians 3:10-12 help us to see that the Law cannot save?
5. If the ceremonial laws of the Old Testament are now abrogated in Christ, why does the moral law still bind believers today?
6. Who is the interpretive key to the Bible? Why?
7. The growth of the Church proceeds from what? Whom?
8. What shibboleths do we impose upon other Christians?
