

Walking Wisely | Colossians 4:5-6
Reverend Dr. Russell St. John

1. What is xenophobia? How do contemporary Christians betray this attitude?
2. What value exists in recognizing that some people are, in fact, “outsiders” to the Church?
3. What is wisdom? Where can you find it? How does character relate to wisdom?
4. What does “redeeming the time” not mean in this passage? What does it mean?
5. Why is caution toward outsiders important?
6. What did “gracious” speech mean to the Greek world? How did Paul transform that understanding for Christian use?
7. What two understandings of saltiness might Paul have had in view?
8. What qualifications do you need to “answer” each outsider appropriately?
9. What prevents you from talking as a witness? How will you strive to overcome it?
