

False and True Prophets | Micah 3:5-8
Rev. Dr. Russell St. John

1. How do false prophets steal an identity not their own?
2. Who did a true prophet stand in for?
3. What two kinds of speech did true prophets prophesy? Which was the more frequent?
4. What is the danger of divination? Why does the LORD condemn it?
5. In what way are modern preachers prophets?
6. What matters more in preaching, fidelity or novelty? Why?
7. Why does a wise congregation pray regularly for its preachers? What temptations do preachers face?
8. Why do preachers need “might” as well as “power?” What’s the difference between the two?
9. Are you willing, and even eager, to be told hard things if they are true things from the LORD? How can you encourage your preachers to say those things?
10. What does it look like to “receive the Word with meekness?”
11. Why does true preaching always lead to Jesus?
