

Saving Faith | Ephesians 2:8-9
Reverend Dr. Russell St. John

1. Why must saving faith be a gift?
2. How can it be a gift and a command at the same time? Is God contradictory?
3. If salvation comes by faith, then what is the proper place of works? Do Paul and James disagree?
4. Why must holy living accompany a profession of saving faith in Christ?
5. Why is the object of your faith so important?
6. How does the Heidelberg Catechism help you to understand the biblical Jesus? Does it help you to see why Jesus must be fully God, fully man, and fully righteous?
7. What is the difference between belief in Jesus per se and personal, saving faith?
8. Whose works must you trust in order to possess saving faith? Why will Jesus reject many who come to him on that day, even though they call him, "Lord, Lord?"
9. For what benefits do you believe Jesus? What do you trust him to do for you? How do Christians sometimes believe too little?
