

**Affliction & Restoration | Micah 4:6-13**  
**Mr. Brett Frey**

1. Why does the Bible often teach through imagery and story?
2. The images in this passage are used repeatedly in Scripture. Where can we find them? Do they always communicate the same message?
3. Why does God afflict his people?
4. What does restoration look like for the people of God?
5. Have you examined your own responses to affliction? What were your conclusions?
6. How does the promise of a sure victory in the end affect how you live now?
