

**Power to Redeem | Isaiah 44:24-28**  
**Reverend Dr. Russell St. John**

1. Why did God create a big nation out of a small family? What does it demonstrate?
2. Why does God stress his “aloneness” in Creation?
3. Why is it important that “folly” is a moral category? How does the LORD address it?
4. How is God frustrating worldly wisdom today?
5. What is prophecy? Who is doing the speaking? Why does it matter?
6. How can you be sure that God will “fulfill” every word of his prophets?
7. Why is it so important that your Redeemer knows the future? How does his knowledge comfort you?
8. In what ways do modern “prophecies” fail to rise to the bar of true, biblical prophecy?
9. How does the specificity of biblical prophecy bear on missions?
10. Will you pray? Will you give? Will you go? Will you at least ask the LORD if he wants you to go?
