

My Savior, My Peace | Micah 5:5-15
Rev. Dr. Russell St. John

1. Why was it important for Micah to flesh out how the Messiah would be peace for the remnant?
2. How was the Assyrian Empire both an historical reality and a symbol for every nation that opposes the LORD?
3. How do such empires highlight the need for you to have a defender?
4. Does the idea of your peace also serving as your defender challenge your understanding of what a shepherd was or is?
5. What enemies do you face that you know you cannot defeat?
6. Do you see yourself as a troop at the Savior's disposal?
7. Are you eager to be deployed?
8. What weapons must you bear? What defensive armor does the Savior give you?
9. Why must the troops who serve the Savior be decontaminated?
10. From what does he purify you? What will happen to those who reject his cleansing?
11. How will you walk differently with Christ as a result of this word?
