

**The Remnant | Micah 5:7-9**  
**Reverend Dr. Russell St. John**

1. In your own words, what is a remnant? How is this idea used biblically?
2. Where ought we to find God's remnant? In one geographic location? Or among the nations?
3. How can a single remnant be single if dispersed among the peoples?
4. What do "dew" and "showers" have in common? What does God do with them?
5. How does God emphasize his sovereignty over salvation with the image of dew and showers?
6. Why the contrast between "dew" and "lion?"
7. Where does the lion find his prey?
8. How can you justify these images of violence in reference to God's work through his remnant?
9. If you oppose the remnant, whom do you oppose? Why is the remnant thus unstoppable?
10. You are a "fragrance from life to life," and "from death to death." How can you live accordingly?
11. Why must the church ever reform? Is this a sign of failure?
12. What new remnant is forming right now?
13. Is the remnant supposed to pursue power? Political control? Cultural change? Why or why not?
