

**Killing the Old Self | Colossians 3:5-11**  
**Rev. Dr. Russell St. John**

1. What differentiates the “earthly” and “spiritual” parts of you?
2. From where do your sinful actions proceed? Sinful words?
3. Why does Paul say that you should you strive to kill your old self?
4. What has changed for those who are in Christ by faith?
5. In what ways are believers being renewed? How does that renewal show?
6. What practical ways can you kill your old self?
7. Why does Paul describe the diversity of the church in the context of killing your old way of life?
8. What standards must you kill? Why?
9. What standards do you use to judge and divide? Why are these no longer appropriate to Christians?
10. From whom does the unity of the body of Christ proceed?
