

**Adoption | Galatians 4:4-7**  
**Reverend Dr. Russell St. John**

1. Why would the power of adoption have been palpable to the people to whom Paul wrote?
2. Other than the picture of moving from a slave to a son, what other pictures does the Scripture use to describe the new identity that comes with adoption?
3. What are some of the “liberties and privileges of the sons of God?”
4. How does the presence of the Holy Spirit confirm your adoption?
5. What type of practical benefits in this life can you expect God to offer his sons and daughters?
6. How does your new identity practically affect the way you live?
7. What will the sons and daughters of God inherit?
8. What four relationships will your inheritance bring back into perfect fellowship?
9. How does the doctrine of adoption help you to endure your sufferings?
