Part 3: The Story of Caleb

Pastor Dustin Lang

Text: Numbers 13:25-33, 14:24

- 1) What is one challenging task you recently completed? This can be something spiritual, physical, academic, or work-related.
- 2) God often calls us to tasks that may seem impossible. Read Numbers 13:25-29. God promised that His people would possess this land. How did these spies respond even after God had promised this land to them? What does this reveal about their view of God in relation to their circumstances?
- 3) Read Numbers 13:30-33. In it, Caleb stood on his belief that God could give them the victory. However, he experienced opposition from those around him. Have you ever experienced opposition after God convicted you to do something? What did this look like?
- 4) Opposition can often dissuade us from taking steps of faith. How can you stand firm in your convictions even when others go against them? What truth about God can you hold onto in those times?
- 5) Go around and share what challenging task God is calling you to. Read Numbers 14:24 out loud. Spend time praying for one another to embody Caleb’s different spirit that leads to whole-hearted obedience.
