

# HALFTIME

*New Story*

1. Identify a time when you felt you were in the middle of a difficult “halftime.”
2. What did you learn during that time about yourself and God?
3. What do you think was going through the minds of Martha and Mary when their brother lay dying and Jesus failed to answer their desperate plea for help?
4. When it seems like God is distant and silent during difficult “halftimes” how has that impacted your faith?
5. How would you suggest we wisely comfort someone who is going through a difficult and painful “halftime?”
6. Can you think of a story of a person you know that experienced an amazing faith-building “second half” after a difficult “first half?”
