Opening Discussion

1. Share a time when you or someone you know experienced something you would consider a miracle.
 2. How do you typically define a miracle?
-

Key Points

1. What is a Miracle?

- **Definition:** A miracle is when God's power interrupts the natural to reveal His supernatural purpose.
 - Example: When the impossible becomes possible, like healings, provision, or transformation.
 - **Revelation:** Miracles aren't just about what God does but about what He reveals—His love, power, and purpose.
 - **Discussion Question:** How have you seen God's purpose revealed through a miraculous event?
-

2. Who Are Miracle Workers?

- **Believers Empowered by the Holy Spirit:**
 - Paul reminds us in 1 Corinthians 12:7 that spiritual gifts, including the ability to perform miracles, are given to all believers for the benefit of others.
 - Miracle workers are image bearers of Jesus who release God's power with purpose.

- **Faith in Action:** Miracle workers don't just recognize the power God has placed in them; they release it through obedience and faith.
 - Discussion Question: What does it mean to you to be a vessel for God's power? How might you reflect His love and purpose through miracles?
-

3. How Do Miracles Happen?

- **Faith Initiates Miracles (Galatians 3:5):**
 - It's not about works but about believing God can and will intervene.
- **Obedience Activates Miracles:**
 - Miracles often happen when we respond to God's prompting (e.g., praying for someone, speaking a word of encouragement).
- **Humility Sustains Miracles:**
 - Recognizing that the power comes from God keeps us grounded.
- Discussion Question: What steps of faith and obedience could you take this week to allow God to work through you?
