

**SPIRITUAL  
AND**

**WARFARE  
PRAYER**

**There is power within the  
spoken word.**

**When God created the Word  
He spoke it.**

**Your words have the power  
to create.**

**What you spoke yesterday  
created your day.**

**By every word that comes out of  
your mouth you are forming and  
shaping your destiny.**

**You cannot live and receive the blessing of the Lord and still talk like the devil.**

**If you want Gods best, speak  
Gods language.**

**Your words are a creative force  
that bring into existence, that  
which never existed before.**

**What you say effects what you  
believe: your family, future,  
marriage, goals, children, career,  
yourself and finances.**

**You are being observed/studied today.  
Satan is watching and collecting your  
words of doubt, fear, unbelief, and  
destruction, so that he can use those  
words against you.**

**The devil knows that you hold the power (your tongue) to change or create any future you want.**

**Your words will build a foundation  
for your life.**
