

Scripture Reading: Luke 3:23 - 38

Sermon Title: The Narrative: God sent down a man to save all men

we tend to approach scripture with the attitude of what can this do for me rather than what is this telling about God's character

Jesus' life was a pathway to what it looks like to live a flourishing human life

Jesus came to make a people from *all people*

Jesus's coming not just for the jews but he came to bring salvation to all the nations

Jesus is the *better* Adam

God's promises are followed by intentionality, provision and grace

Although God chooses to work with mankind to accomplish his will, he is not bound by our actions

The Gospel is not reserved for a single ethnic group
