GLOBAL MISSIONS SPOTLIGHT

Transforming Tanzania
Mike Malone

Transforming Tanzania exists to bring comprehensive life change to pastors, churches and communities in Tanzania through ministries of Word and Deed.

Transforming Tanzania is a fellowship of churches, foundations, and individuals partnering with the Diocese of Mara-Ukerewe of the Africa Inland Church–Tanzania. Through Bible conferences, water projects, and medical initiatives, the ministry serves pastors, congregations, and communities by God's grace.

Peter Ngwili serves as Director of Community Development and shares this update:

To date, Peter and his team have supervised the completion of 200 water projects, touching over 600,000 people. All of the projects continue to produce water. The key has been the training conducted among leaders in the churches. As the diocese continues to plant churches, these new works will be in villages where access to safe water is needed.

The Church and Community Mobilization process has been completed in 50 villages. Training is currently underway in another 20 villages, and 20 individuals have been equipped to lead the program. Through this, the poor are being empowered to address their own needs, and micro-economies are emerging that benefit entire communities. All of this training occurs in the context of comprehensive Christian discipleship.

A HUGE thank you from the many, many hundreds of Tanzanians who are benefiting from the generosity of Signal Mountain Presbyterian Church!
