GLOBAL MISSIONARY SPOTLIGHT

Footprints International World Outreach / Russia

Jeff and Natasha Bain

The vision of Footprints International is to obey the Great Commission of Jesus Christ through faithful witness and fruitful church planting.

The mission of FPI is to plant a family of churches in the Tyumen region that are committed to the authority of the Bible and embrace the truths of the Protestant Reformation. These churches will be rooted in the sovereignty of God, will celebrate the person and work of Jesus Christ, and will bear fruit through the ongoing ministry of the Holy Spirit.

Goal #1: To support Holy Trinity Presbyterian Church in becoming a self-governing, self-supporting, and self-propagating local church, free from missionary control.

Goal #2: To evangelize and disciple God's chosen people in the Tyumen area through outreach and educational programs.

Goal #3: To plant additional churches in the Tyumen region.

In addition, we continue to host concerts through our educational foundation. We hold special concerts on holidays that focus especially on outreach and encourage people to bring their non-believing friends. Every concert includes time for us to share about our church and our faith from the stage.

Please pray for the Bain family and their ministry, and also for their teenage daughter, Sonya. She has been battling leukemia for the past year and a half, requiring many hospitalizations several hours from their home. This has been a difficult season, as their family has been separated for much of this time.

Are you new here to Signal Pres or looking for information on how to get connected? Please stop by our Visitor/Information Station located in the hallway on the left as you exit the main doors of the sanctuary today. We also invite you to come to Start Here where you can meet our pastors and staff and get helpful information for your next steps here at Signal Pres. Start Here is held on the second Sunday of each month at 10:10 in the Greeting Room to the left as you exit the sanctuary.
