## GLOBAL MISSIONARY SPOTLIGHT

**Patrick and Anna LaRoche**  
**Serge / Republic of the Congo**

We reached our 10-year mark on the field this past year! We've been through an Ebola outbreak, COVID-19, over three evacuations (one during a war), and Anna experienced a life-threatening illness. But through it all, God has been so faithful, and we hope and pray to continue serving in the Congo for a long time.

The LaRoche family has lived and worked in northeastern Democratic Republic of the Congo since 2015. Patrick is an Internal Medicine and Pediatrics physician, and Anna is a Family Nurse Practitioner. They have been serving with Serge as DRC team leaders since 2018. Their team vision statement is:

In early 2022, the Serge team decided to move to the nearby city of Bunia. While there, Patrick began teaching and mentoring medical students, providing specialty consultations, and working to facilitate quality medical care at their national partner hospital in Bunia, CME. Anna has primarily focused on providing medical care for Congolese people who have been internally displaced (IDPs) due to tribal conflict. Along with Congolese national partners, she has organized projects for two IDP camps that provide free medical care for about 20,000 displaced individuals.

Please email Anna at [annalarochelle@gmail.com](mailto:annalarochelle@gmail.com) to be added to their updates, and check out [patrickandannalarochelle.blogspot.com](http://patrickandannalarochelle.blogspot.com) for current stories and pictures.

They hope to work in the Congo as long as God wills and love being part of a Serge team on mission for God's glory.

**"Working together with the Congolese in Jesus' name to heal bodies, spirits, and the social fabric of northeastern Congo, all in the hope that we serve as a reminder that God has not forgotten His people in Congo."**
