CHALLENGES & OPPORTUNITIES

The **challenges** of funding the replacement cost of the East Salem Seventh-day Adventist Church sewage system provides an **opportunity** to enhance our trust in God and to exercise the ministry of stewardship which the Bible so clearly demonstrates God's people cannot out give the Giver of all providence. Due to the failure of our existing septic system, we have been made aware by Marion County that we must completely replace the existing system with a system which will meet the current municipal codes. Engineering and design have determined the cost for replacement of the septic system will be in the neighborhood of \$200,000 (an affluent neighborhood).

\$200,000

We pray that each of you will prayerfully consider and give to this unexpected large replacement expense. God bless each of you as you exercise your faith in the ministry of stewardship.

To give to the septic tank replacement, mark your tithe envelope "Capital Improvement".
