

## PERSONAL

Giovanny has started well this year, helping the teachers and also in the kitchen. Being the older brother of the children he has taken on this role little by little and with great responsibility.

- 16 years old

### Education:

Giovanny did well this first period. He passed all areas and subjects and performed well. He improved his behavior in the classroom. He should work a little on respecting his teachers in the institution.

### Health:

he is currently awaiting the completion of the retainers for the culmination of her orthodontic process.

### Family:

During this year he has been able to spend little time with his family due to situations of public disorder in the neighbourhood where they live, when they have been able to get out he has visited and accompanied his brother and mother who are in a situation of drug use and street life, he advises his brother to start a rehabilitation process.

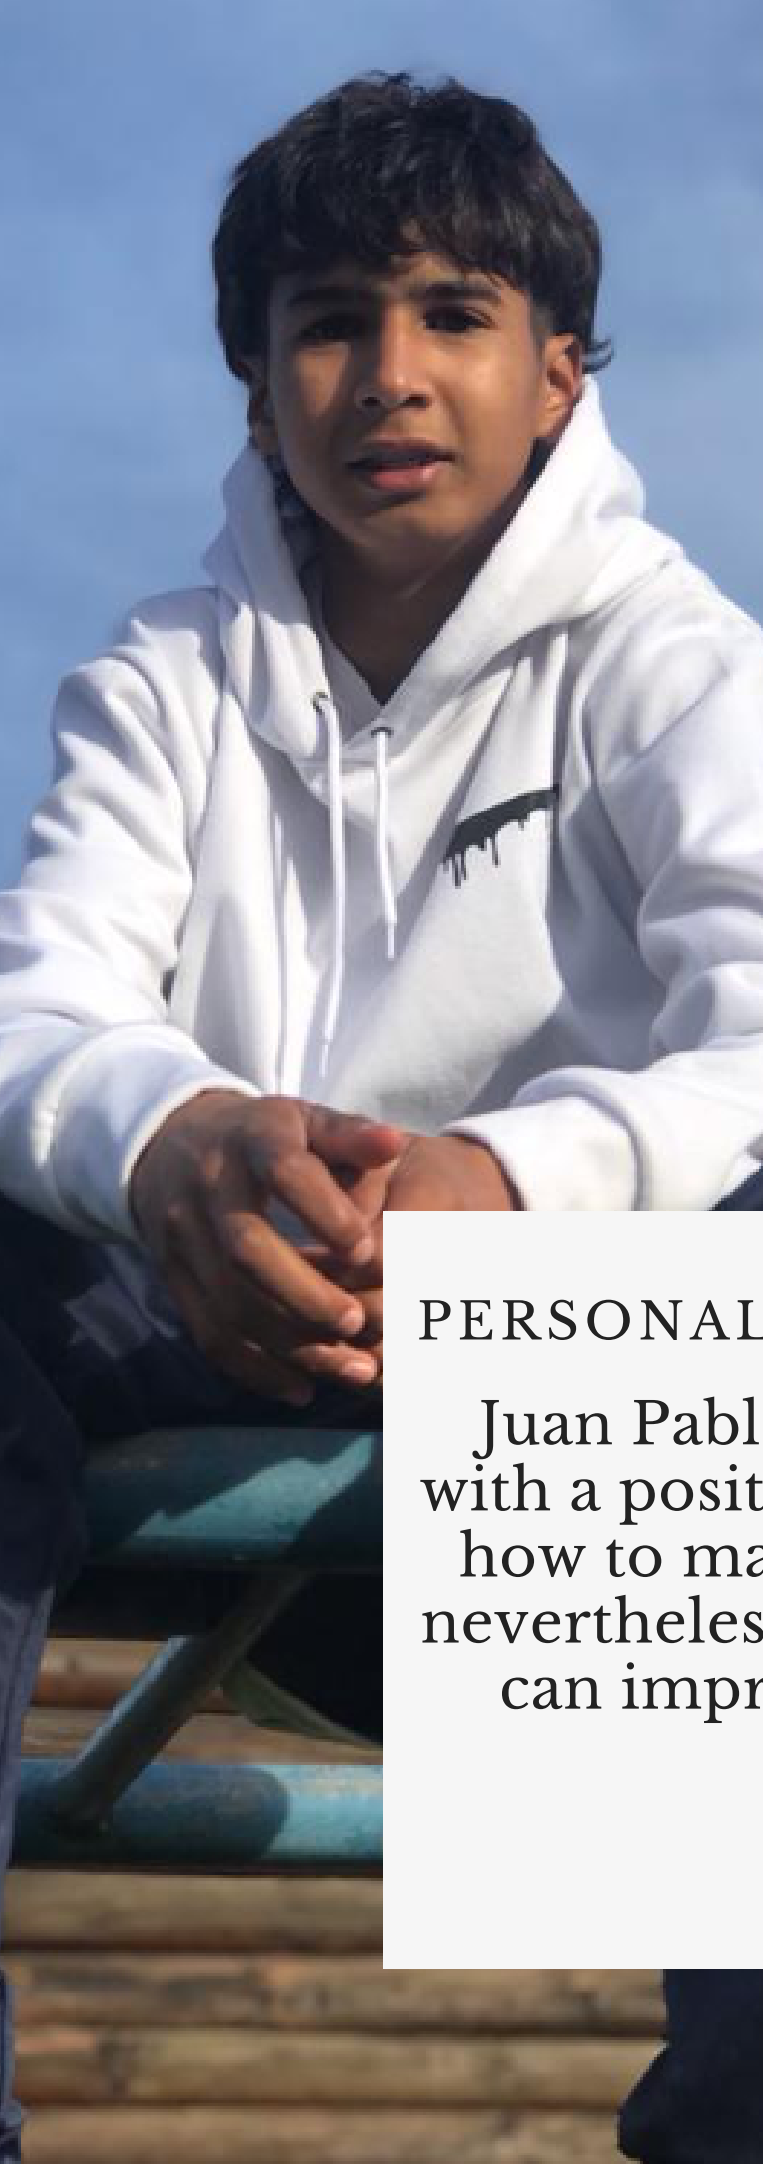

### Spiritual:

Giovanny has advanced in terms of respect for the Lord, he is a boy willing to learn about God, he is committed and in awe of Him.

## PERSONAL

Juan Pablo is growing every day with a positive character. He knows how to make good decisions, but nevertheless he is guided so that he can improve his bad attitudes.

- 14 years old

## Education:

Juan Pablo declined in several areas this first period, however, we are talking to him so that he can improve for the next period, he has also had situations of disrespect to teachers, we have talked to him so that he can change that attitude. In other subjects he did well.

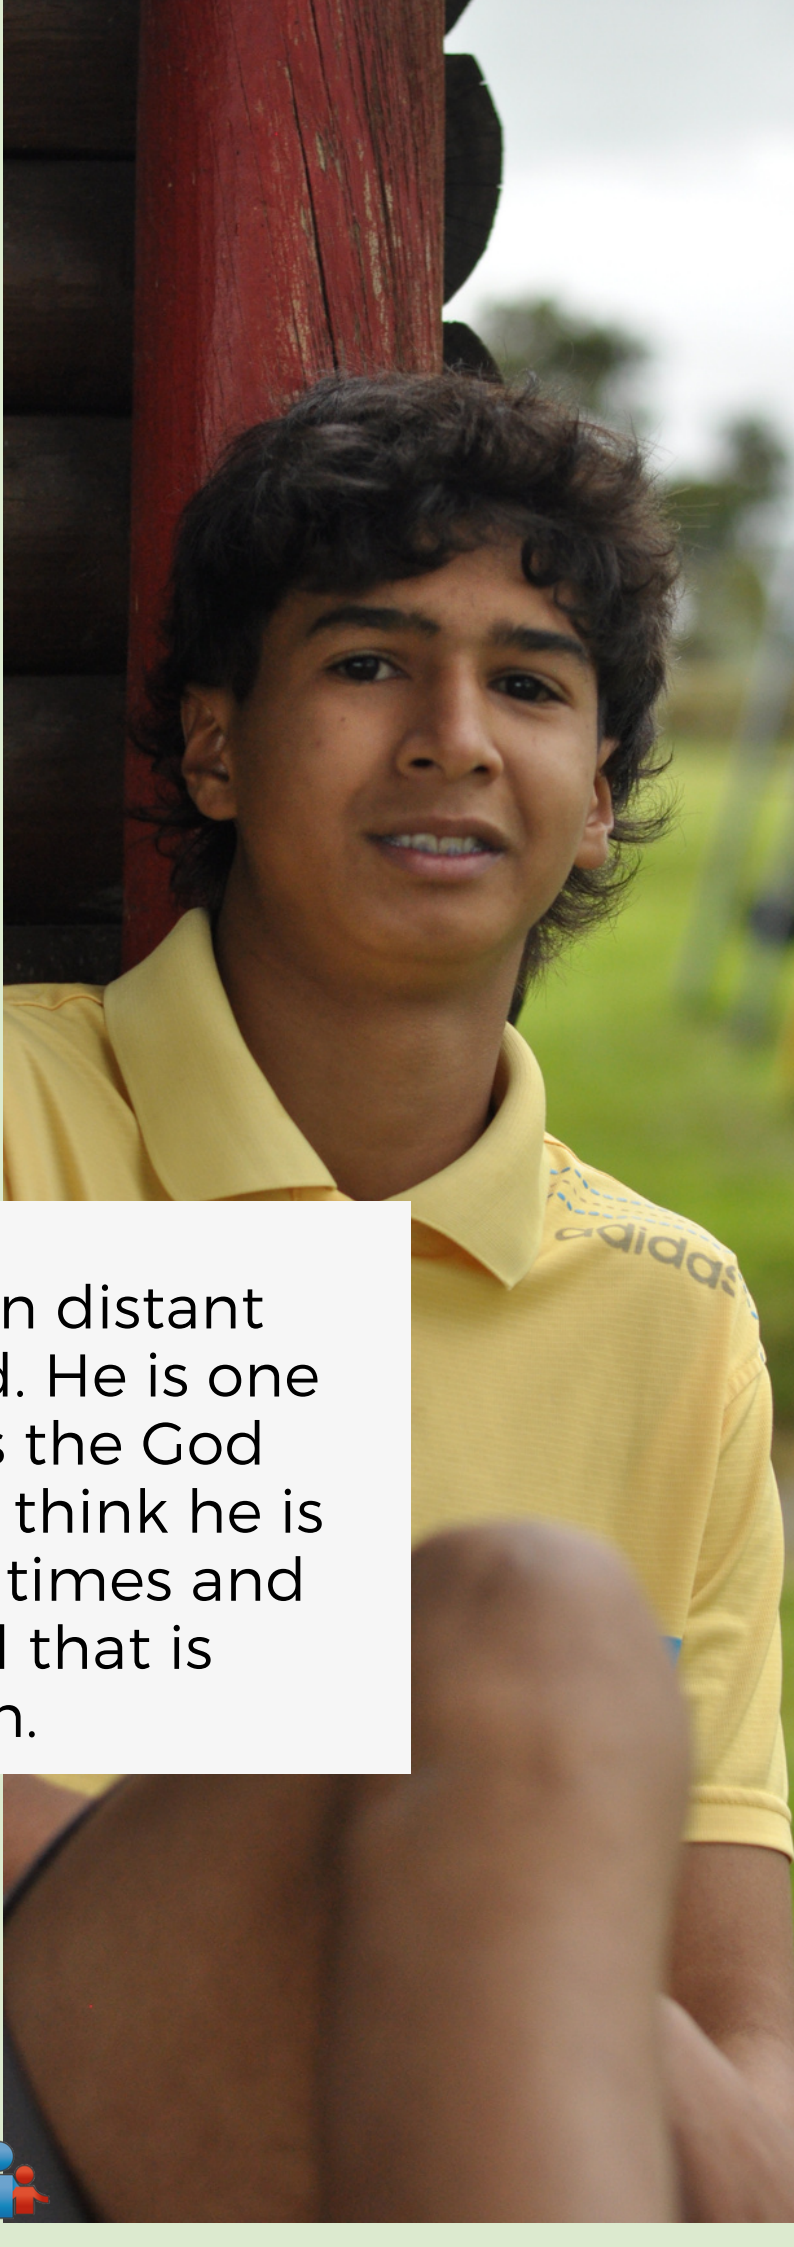

## Health:

Juan continues his orthodontic process month by month, he is waiting for the indications of the orthodontist for the completion of the treatment, he has not yet been able to have an appointment with the general medicine in the hospital.

## Family:

His mother tried to take her own life and this situation upset Juan Pablo emotionally, he was aware during the hospitalization and accompanied her in her recovery, he talked to her and counseled her. In addition, he has been going out every month to visit them and has a good relationship with his brother. On the outings he visits his paternal extended family in the company of his father.

### Spiritual:

Juan Pablo has been distant with the things of God. He is one of the kids who likes the God stuff the most, but we think he is going through family times and teenage crises and that is affecting him.

## PERSONAL

Juan is in the adolescent-youth process and has positive behaviors that are making him mature at times. But he has to continue to make an effort to achieve many positive processes in his life.

- 12 years old

### Education:

Juan has made some progress compared to previous years in terms of academics. However, he needs to improve his grades and his commitment as a student. He needs to be more organized and responsible in his activities.

---

### Health:

He is still waiting for general medical and oral health appointments from the hospital where he is being treated.

---

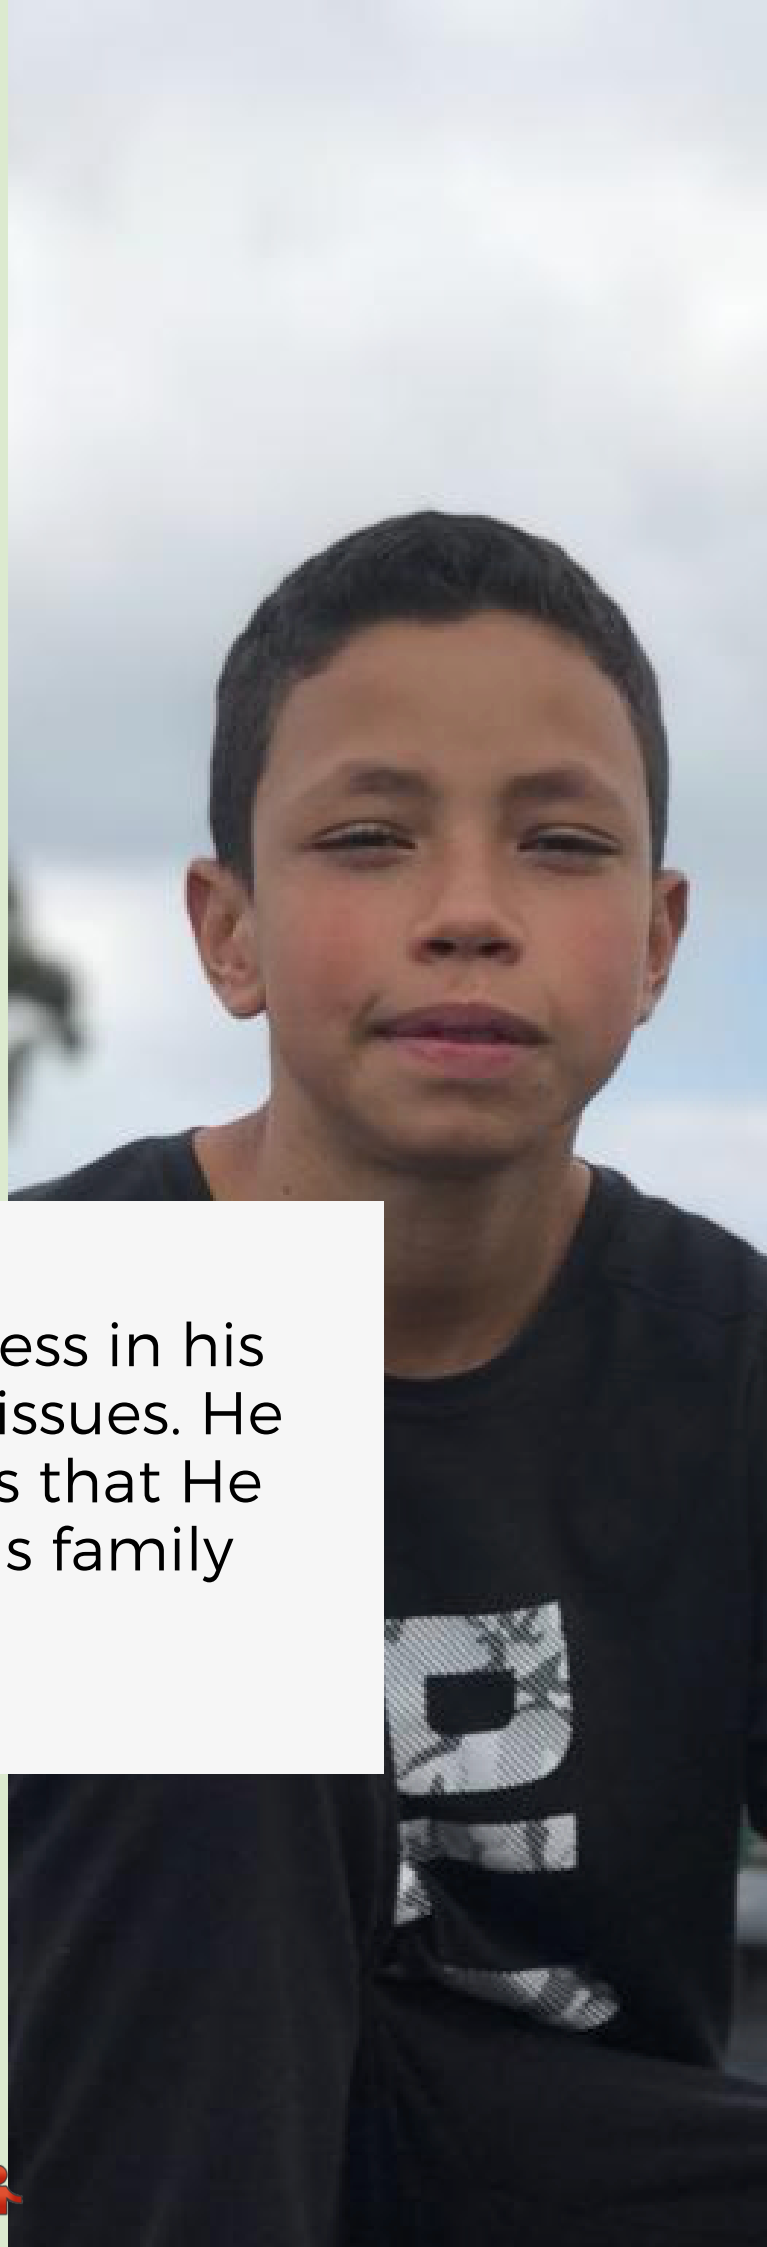

### Family:

His mother has not communicated with him since prison, Juan has sometimes wondered how his brother is doing, remembering that his maternal grandmother used to send them to the center to sell or dance and this distresses him.

His paternal great aunt is still watching his process, advising him and trying to improve the relationship between the two of them.

### Spiritual:

Juan has made progress in his attitude toward God's issues. He fears God and believes that He can bring him and his family through.
