12 YEARS OLD

Health:

He receives help from a psychiatrist and is currently taking medication.

Education:

Ángel continues to be in a very delicate academic process due to his learning disabilities. He hasn't been able to advance in Reading, however we are still trying to help him in this area.

Family:

His mother isn't interested in his process at the foundation and she doesn't follow the recommendations the foundation makes.

Spiritual:

He is being taught about forgiveness due to the fact that sometimes he has a hard time apologizing. He is also participating in devotionals.

Personal:

Ángel has grown in his behavior yet we are still working with him on that.

**DORLAN

AYALA**

• 10 YEARS OLD

Health:

Next month he needs to have a general doctor's appointment and a check-up with the dentist to get his teeth cleaned.

Education:

Dorlan passed the school year and is moving onto 2nd grade. Dorlan tries to read and he makes a lot of effort and is very dedicated.

Family:

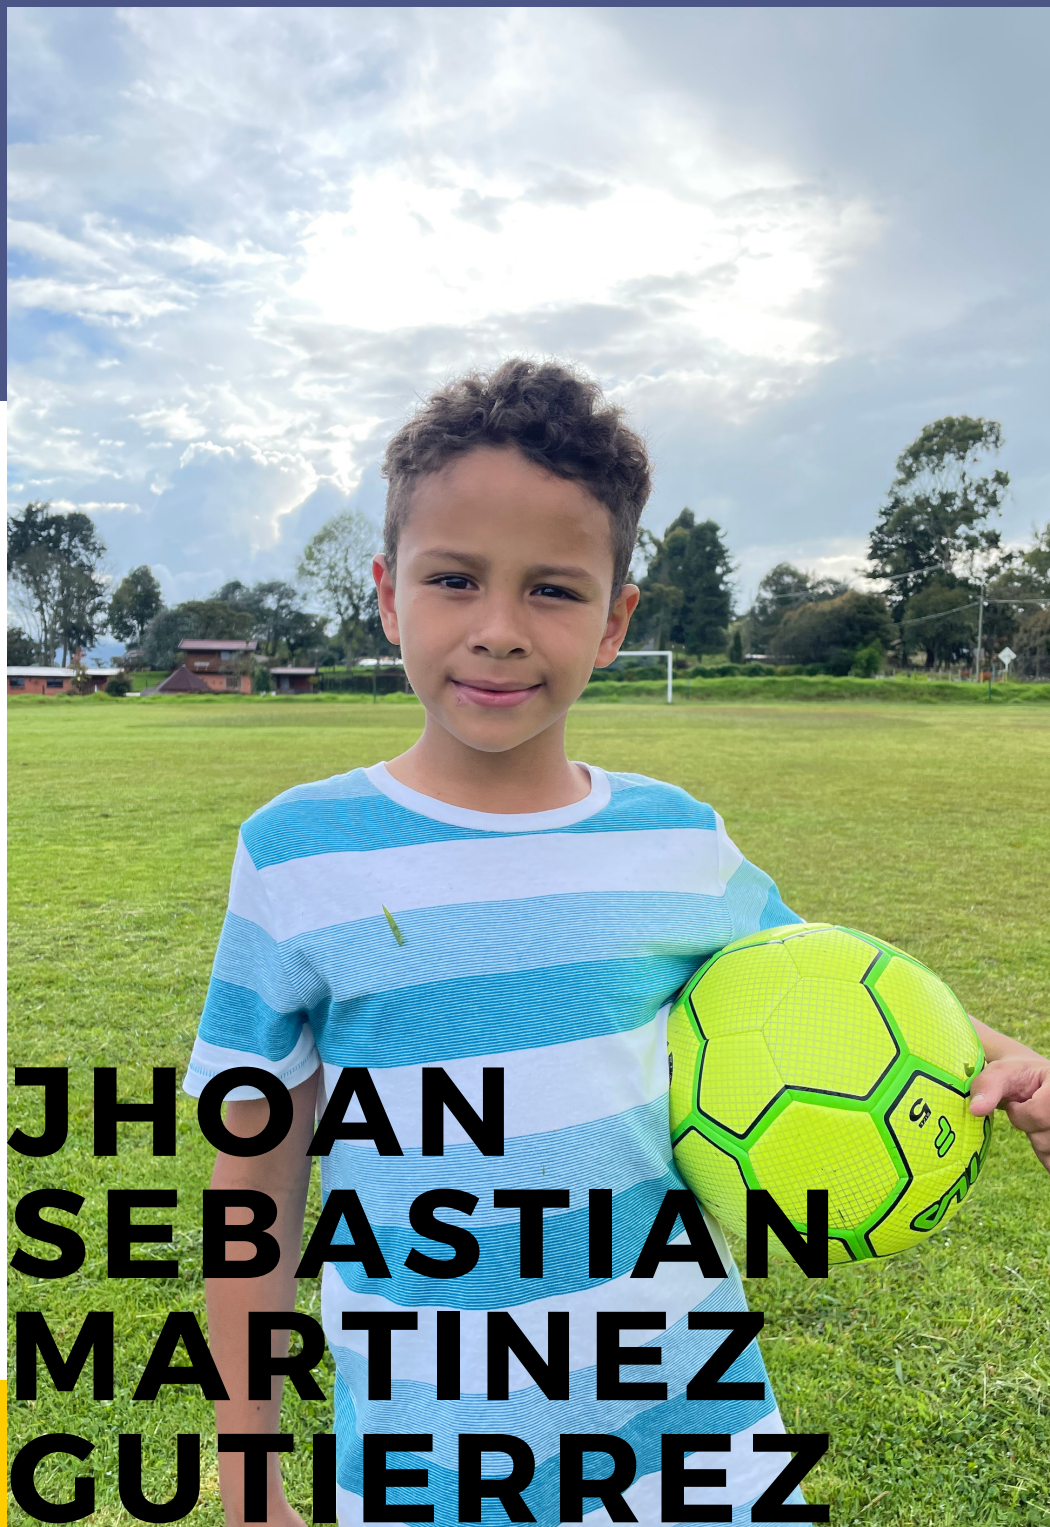

His parents are always checking in on him and how he is doing. They are very happy Dorlan is not so aggressive with people as he used to be.

Spiritual:

Dorlan learned the importance of forgiveness and it's something we've been working on with him for the past few months. He is paying attention in the devotionals and in situations of conflict he asks for forgiveness and recognizes his mistakes.

Personal:

Dorlan changed his behavior in the last few months in a very surprising way. Right now he is very calm. He has difficult days, but it's evident he is making a great effort.
