

# JUAN SEBASTIAN AYALA ARREDONDO

13 years old

### **Education:**

His grades have improved, but he still lacks fluency in reading.

### **Family:**

His foster dad is currently unemployed; this situation has made Sebastian very sad and has led to family conflicts with his grandfather. His parents are very attentive to his process in the foundation and they have incorporated more rules in the house with Sebastian.

## **Health:**

He recently had a check-up with a general practitioner for some headaches that he's been having frequently. The doctor advised him to avoid being exposed to the sun, to wear a cap and a wet handkerchief, and he was also sent a deworming medicine to help get rid of any parasites.

## **Spiritual:**

: He is not currently motivated to learn about God.

### **Personal:**

He is not getting along with the other boys at the foundation and he finds it difficult to obey authority figures.

JHOAN SEBASTIAN MARTINEZ GUTIERREZ

10 years old

### **Education:**

He has been doing his homework regularly and on certain occasions he has been disobedient with teachers. We are working with him to improve this.

### **Family:**

His parents have been improving their relationship and this has made Jhoan more at ease. His mother is very attentive to his process, she mentions how grateful she is that he is in a protected environment.

### **Health:**

He recently had an appointment with the eye doctor and they indicated that he has cataracts. The doctor prescribed eye drops and permanent glasses.

### **Spiritual:**

He is willing to listen to the word of God and when we are in worship times, he is connected to God and pays attention to the preaching

### **Personal:**

He likes to spend time with the other boys in the foundation, and he is a good person and shares his things with others.

ESNEIDER ALONSO VARELA GOMEZ

11 years old

### **Education:**

Esneider has improved a lot and has had good grades.

### **Familia:**

His parents don't have a good relationship and this makes Esneider feel sad because sometimes he can't be with his mother. His father is very attentive to his process and listens to the recommendations we provide.

### **Health:**

He continues to have constant headaches; his father is arranging an appointment to identify what is wrong and the appropriate treatment needed

### **Spiritual:**

He has a willing heart to receive more from God and he pays attention to teachings about God.

### **Personal:**

He gets along with the other boys in the foundation more and he doesn't bully the other boys anymore.
