

## REVIVE US AGAIN

### Psalm 85

**INTRODUCTION:** Let me just speak from my heart this morning. Do we need revival? I believe everyone of you would agree that we need revival. The eighty fifth Psalm is credited to the sons of Korah. Let's take it at face value and see what God is saying to us today.

- II. THE PLEA FOR REVIVAL V. 5-7**
  - A. Revival is a Work of God, not Man
  - B. Revival can only come to God's People
  - C. God's People need to cry out for it
  
- III. THE PLAN FOR REVIVAL V. 8-13**
  - A. Christians have to become Convicted of their sins
  - B. Backslidden Christians must Repent
  - C. The Faith of Christians is Renewed
  - D. Revival breaks the power of the world and sin over the Christian
  - E. **When churches awake and have revival, sinners are saved. There is a move of repentance among God's People.**

The greatest Spiritual problem is not drugs, drink, not even immorality, but it is the carelessness and unconcern of the church. If we really care about the sinfulness of this world, we better get up and claim the banner of Jesus Christ again and commit ourselves to follow Him and get rid of our worldly idols.
