Back to Acts 22

Verse 22 - What caused the Jews to have such a negative reaction to Paul's address to them? (Acts 22:17) Who was speaking against the people according to Paul's address? Who's Word proved true here?

Verse 23 - Picture this scene. Its quite the vivid description!! How do you suppose Paul felt about this?

Verse 24 - Why would they examine by flogging? What would this accomplish? What information were they seeking?

Verse 25 - Why is Paul's question to the soldiers so interesting? Who's he watching out for, really?

Verse 26 - Why is it a problem for them to beat a Roman Citizen?

Verse 27 - Does it mean anything that the Tribune speak to Paul directly? What was Paul's answer?

Verse 28 - Was there a difference between Paul's citizenship and the Tribunes that was purchased? Who has God given the upper hand now?

Verse 29 - They didn't flog him here, but what had they done so wrong that they were all afraid?
