

THE BEST GIFTS OF CHRISTMAS

The Gift of Waiting

Luke 2:22-40

Eric Hoehn

Main Point

Christmas reminds us that waiting is a gift from God that He wants to use to do His wonderful work in us.

Point 1

We should embrace the purpose of waiting

Point 2

We should learn to wait well

Summary

Christmas is a season of waiting. Most of us can hardly wait until extended family arrives, until the food is served, and until the gifts are opened. The children among us are chomping at the bit for Christmas to get here. We all want to get past the waiting to the good stuff we are waiting for. But what if waiting has a purpose? What if God wants to use waiting to do something wonderful in our lives? What if waiting is God's gift to us?
