

**Hold Fast**  
*Paradigm Shifter*  
*Jude 8*  
Paul Bauman

**Objective:** To identify a critical error of the false teachers and the impact of this error on their teaching.

***A Critical Error***

❖ They claim divine revelation is the basis for their ungodly behavior and rebellion.

***The Impact***

- 1) One's happiness replaces God's glory as the chief end of man.
- 2) They assume authority over God's word rather than placing themselves under the authority of God's word.
- 3) They viewed the moral authority of God's law as irrelevant and outdated.

***Two Responses***

- 1) Beware of anyone who interprets Scripture with an "evolving view" mentality.
- 2) Always remember the truth alone leads to freedom and life.
