Who Really Owns It?

Mark 11:27 - 12:12

Eric Hoehn

### **Main Point**

All that we have in this life has been entrusted to us by Jesus and we owe Him a fruitful return on His investment

### **Point 1**

We must settle the question of ownership

### **Point 2**

We must own what we owe to the owner

### **Summary**

How would we live differently if we knew that we would eventually answer to someone for how we use our time, our money, our words, our marriages, our singleness... for how we use our lives? What if all the things that we assume are ours really belong to someone else and have been loaned to us in trust? What if we will answer to the Owner for how we use them? All that we have in this life has been entrusted to us by Jesus and we owe Him a fruitful return on His investment.
