

Stuck | 2nd Peter

WEEK ONE | PASTOR BEN JOHNSTON

Our faith is rooted in knowing Jesus.

The goal of our Christian journey according to Peter is godliness, to become partakers of the divine nature.

- ◇ God gives us EVERYTHING we need to succeed. He gives us divine power and precious promises!

What God expects you to attempt, He also enables you to achieve by His power.

- ◇ Accessing and appropriating these promises mean we can become partakers of the divine nature.

Growth always takes cooperation.

- ◇ To 'supplement' is to add to it, to build upon it.
- ◇ God's promises and power are activated through steps of faith.

Are you growing up or are you just growing old?

- ◇ 2 Peter 1:9
- ◇ Blind believers are just wandering around with no vision of who they could become.
- ◇ Nearsighted believers cannot look far enough ahead to see the coming of Christ and His reward.

Just because you have failed, does not mean you have fallen.

Failure is not final, it's formative.

- ◇ Use your failure as fuel for your future.
- ◇ The result of diligence in our calling is stability, usefulness, and fruitfulness.
