Discussion

What stood out to you in this sermon?

Why do you think the disciples asked Jesus who sinned, the blind man or his parents? Vs. 1-2
What does this say about their understanding of sin and of God's character?

The Pharisees also questioned the healing. Why were they more concerned about the Sabbath than the healing? What does this say about their understanding of God and people?

What can we learn from the parent's or man's response to The Pharisees?

Jesus uses this physical healing to talk about spiritual blindness. What are some of the signs of spiritual blindness he draws out?

What questions does this story not answer? What can we apply from this to our lives today?

As you go

Thank Jesus for removing your spiritual blindness so you can now see His light.
