

John 11

Getting Started

What do you remember from our study in the book of John that has been particularly impactful or led to life-change for you?

Discussion

What grabbed your heart and mind from the sermon this past weekend?

Did Martha show faith, doubt or a combination of both in this story? How so?

Why was Jesus so moved by Mary's grief? What does that teach you about the heart of Jesus?

Imagine being one of the disciples or someone amongst the crowd. How would you have felt and reacted? Why?

As you wrestle with Jesus' desire and ability to bring new life into your life, do you have faith, doubt or a combination of both? How so?

Tombs were unclean places and Jesus went straight there to bring redemption. Where can he bring redemption to you?

As you go

Is there one circumstance or relationship that elicits feelings of despair in your life? Spend time talking to God and a trusted friend about it this week...asking him for breakthrough, the grace to forgive, wisdom to move forward, a word as to how he wants to use it to make you holy, etc..

Prayer

Pray for anyone in the group who feels abandoned by God in their time of need. For grace to trust, for a tangible experience of his love, for healing...

Ask God in prayer what knowing the truth that Jesus can raise the dead means for how he desires you to live your life...just ask him the question and listen for 2-5 mins and then share with the Group.
