

Remember God's **faithfulness** in the past.

Slow down to **see** what God is doing.

Ministry **for** God does not replace intimacy **with** God.

Have **faith** in what God will do.

If you have to **agree** with what God says before you **obey**, then you don't understand what it means for Him to be **Lord**.

How you respond to tragedy, heartbreak, and disappointment reveals how much **faith** you have in God.

If your situation seems too **big** for you, it's the right **size** for God.

Read Joshua 3:17-4:7 and Lamentations 3

Look back on your life over this past year and talk about a time when you saw God's faithfulness?

Read Luke 10:38-42

When is the last time you just sat with the Lord? Why is it so easy to get distracted by the business of the world that we lose sight of what God is calling us to do?

Read Hebrews 11:1-6

Trusting God can be difficult. Talk about a time when it was hard to trust in God. Remember, if your situation seems too big for you, it's the right size for God.

In the new year, what is one thing that you need to give up to God? Have your LifeGroup walk with you and hold you accountable in the coming year to make sure you trust God even when life gets hard.
