

**The Effects of Sin on the Mind, Pt. 2 (1 Cor. 2:12-14) 7/7/2019**

**Review**

The theological term for the impact of sin on the \_\_\_\_\_ is the *noetic* effects of sin.

We are born with our minds radically \_\_\_\_\_.

As sinners, we simply cannot \_\_\_\_\_ properly.

Unbelievers by nature look for a \_\_\_\_\_ cause in everything.

Common grace refers to the \_\_\_\_\_ and benefits that God gives to all \_\_\_\_\_, whether believer or unbeliever.

Because of God's common grace, unbelievers are able to know \_\_\_\_\_ things.

Our thinking is \_\_\_\_\_ most significantly on the issues of maximum \_\_\_\_\_ in our life.

The \_\_\_\_\_ unbelievers get to issues that have to do with God, the ultimate \_\_\_\_\_ of life, and the problems that plague humanity, the \_\_\_\_\_ will be the impact of the noetic effects of sin on their thinking and the more \_\_\_\_\_ Christians must be in accepting the information they produce.

**The Believer's Mind**

Appraises =

A believer is always \_\_\_\_\_ everything he sees, hears, experiences in the light of God's Word and \_\_\_\_\_ on it in ways that glorify God.

The Holy Spirit makes it possible for believers to know the \_\_\_\_\_ about the things that \_\_\_\_\_ most.

Spiritual things are only \_\_\_\_\_ when the Holy Spirit gives a person the ability to see, examine and form correct \_\_\_\_\_ and interpretations about a matter.

**Thinking Defined**

The thinking of man exists on three levels:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_

Believers and unbelievers take the same \_\_\_\_\_, give meaning to them in light of their \_\_\_\_\_ about God, then respond to \_\_\_\_\_ based on those interpretations, resulting in radically different \_\_\_\_\_.
