

Finishing Touches

Text: Mark 8:22-26

Jesus Heals a Blind Man at Bethsaida (NLT)

22 When they arrived at Bethsaida, some people brought a blind man to Jesus, and they begged him to touch the man and heal him. 23 Jesus took the blind man by the hand and led him out of the village. Then, spitting on the man's eyes, he laid his hands on him and asked, "Can you see anything now?"

24 The man looked around. "Yes," he said, "I see people, but I can't see them very clearly. They look like trees walking around."

25 Then Jesus placed his hands on the man's eyes again, and his eyes were opened. His sight was completely restored, and he could see everything clearly. 26 Jesus sent him away, saying, "Don't go back into the village on your way home."

Introduction:

Having finishing touches typically refers to the final steps or details added to something to complete or enhance its appearance or functionality. It involves adding those final elements that give a sense of completeness, polish, or refinement to a project, work of art, design, or presentation.

In the context of interior design, for example, finishing touches may include decorative items like throw pillows, artwork, or plants that add personality and warmth to a room.

Overall, having finishing touches indicates that careful attention and consideration have been given to every aspect of a work or project, ensuring that it is fully realized and presented in its best possible form.

God will complete what He has started in your life - Philippians 1:4-6 (NLT)

4 Whenever I pray, I make my requests for all of you with joy, 5 for you have been my partners in spreading the Good News about Christ from the time you first heard it until now. 6 And I am certain that God, who began the good work within you, will continue his work until it is finally finished on the day when Christ Jesus returns.
