

# How to Be Saved

"It seems simple because it *IS* simple!"

There are many things that we could be saved from: enemies, disasters, all kinds of things! But the most important thing that we need to be saved from (by far!) is our sin. Sin is anything that we do, say, or think, that goes against what is good. All sin has consequences, and the greatest consequence (or penalty) is that sin separates us from God.

God is perfect, holy, and good. No sin can be near Him. So, when we sin, whether it's a "big" sin like murder or a "little" sin like stealing a candy bar, we are separated from God. If we stay separated from God, then we will have eternal death (an eternity separated from God). And no matter how many good things we do, we still can't remove that sin. We need God to save us. And that's exactly what He did! Jesus came to pay the penalty for our sins so that we could live forever with Him in heaven. All we have to do is believe that He will save us and He will!
