Title: "Manifesting & Managing the Blessing In These Days & Times, Pt. 3"

At A People of God, we are "_____ into the earth A People
_____ to _____."

Almost universally, everyone desires 5 treasures (according to their own definition):

- 1) Sound _____; 2) Adequate to abundant _____;
- 3) Fulfilled _____; 4) Peace of _____;
- 5) Purposeful _____.

None of these things "just happen." They must all be _____ and then _____.

We see in Mark 5:21-43 that there are 7 elements of our hearts/minds which we must put in alignment in order to manifest these treasures "in hand." The first 3 are:

1. Who do you think you are?	
2. Who do you think God is?	
3. Where do you think God is?	

These are questions that fall under the category of _____, *having to do with the soul's connection to its Source, God*. All ethnicities, kindred, and peoples deal with these same questions, the issues of spirituality. Spirituality is universal.

_____ is specific, dealing with the total ways of life of a particular people, including things like language, family, food, music, story, elders, mourning, celebration, land, & health. All people have a culture, placed by God on purpose (Acts 17:24-28).

_____ is a part of culture, it is a culture's collective response to spirituality, including things like rituals, calendar, texts, clergy, sacred spacem symbols.

God has revealed Godself and worked with and in every ethnicity and culture for the history of humanity. As such, every ethnicity and culture has aspects of God that they do manifest especially well and get especially right, and aspects that they manifest especially poorly and get especially wrong.

Jesus did not come to replace our _____ or our _____, but to perfect them with a perfect revelation of human spirituality. In Christ, we don't abandon or replace our family & folkways, we elevate them by the renewing of our minds.

Indigenous ways are not pagan, superstition, demonic, backwards, or anti-Christian. They are just _____.
