

LEADER GUIDE

DEAF MOUNTAINS

MAIN POINT

Stepping out of comfort into faith is not an easy task. The real test of faith is when we have an obstacle that we push through as a testament to our faith.

LEADER NOTES

Last week, we discussed obstacles to faith. We talked about what it means to be patient and why it's so hard to be patient sometimes. We talked about doubt and feeling like God doesn't talk to us. We talked about "the process," the difficulty in "the process," and why we should be content in "the process."
