

PROJECT HAIL MARY

WHAT TO DO?

CONNECT GROUP QUESTIONS

October 11 | 2 Chronicles 20:1-22

Before we begin: We will review the Connect Group Covenant together and discuss our shared commitments for our time as a group.

Getting to Know Me

- 01** When you try something unfamiliar, do you read the instructions, ask someone, or jump right in? Share a lighthearted example.

- 02** What is a useful piece of everyday advice someone gave you that you still use?

Into the Bible

- 03** **Read James 1:5-8.** What do these verses tell us about God's response when we lack wisdom? How might that shape the way we ask Him for help?

- 04** **Read Galatians 6:1-5.** What does carrying one another's burdens look like in this passage? How can we help someone without making them feel judged?

CONNECT GROUP QUESTIONS

Into the Bible (continued)

05 Read Mark 12:41-44. What does Jesus notice about the widow's gift? How does His perspective challenge the way we measure generosity?

06 Read James 1:22-25. Why does James connect hearing God's Word with doing what it says? What can keep us from acting on what we already understand?

Application

07 The message invited us to admit what we don't know. Where could you replace the pressure to have an answer with an honest prayer to God this week?

08 What makes it hard for you to ask for help? Who could you invite to pray with you or help carry a burden this week?

09 What is one step of obedience you can take before you know how everything will turn out—in a relationship, your generosity, or another area? When will you take it?

Close in prayer: Bring your uncertainties to God. Ask for wisdom, courage to receive help, and faith to take your next step.
