

PRAY HARD PRAYERS

Pray Hard Prayers: The Bold Prayer – Joshua 10:6-15

1. If you were one of the 12 spies, surveying your own life as God's "promised land" to you, what kind of report would you give after 40 days?
 - Would it sound like Joshua and Caleb's report (There may be giants, but I see victory ahead in a land of plenty!) or would it sound like the 10 spies (There's giants everywhere and I will be devoured)?
2. What is a bold prayer that you have avoided praying or are afraid to pray?
3. What is the mountain standing in the way of you talking to God about that issue?
4. How would you describe the posture and tone of your approach to God in prayer?
5. How can becoming more like a child help us pray more boldly and confidently?
6. If the prosperity mentality and the poverty mentality are two extreme ends on a spectrum, what do you believe a healthy mind-set in prayer is as children of God?
