

HE NEVER FAILS Luke 22: 31-34; 54-62

1. Failing is part of life. Peter and Judas's difference was that Peter corrected and learned from his failures, while Judas followed the condemnation route and killed himself. How do we grow from our failures instead of taking Satan's bait towards guilt, shame, and condemnation?
2. Jesus begins his warning to Peter by calling him his (BC) name Simon. How does this reminder keep you in check regarding your flesh lurking right behind your spirit?
3. Will a correct understanding of God's grace lead us to sin, knowing that we can be forgiven? Why/why not?
4. Discuss this statement: Spiritual growth means growing to see our weakness, not growing stronger.
5. How can we hold on to faith in a time of trial or temptation? Why is this essential?
6. How does knowing that Jesus will never fail keep you close to him? What comfort does it bring you in regards to your weaknesses?
7. Where is the balance between God's keeping power and our responsibility to keep ourselves from sin?
8. Pray for one another's weaknesses.
