## Lives Morally Pure -1 Peter 1:15-16

1. What are some ways sin makes us slaves? Are you encouraged or discouraged that Paul wrestled with sin (which he described in Romans 7)? Explain.
2. What are some differences between "godly sorrow" and "worldly sorrow"? What are the results of both? Which of these have you experienced most often? How did it affect your heart, your relationship with God, and your other relationships?
3. What are some of your fears about being different, set apart, or even weird looking to this world's system? What does "set apart" mean to you?
4. What are some excuses that you give yourself for compromising? What words or phrases do you use to justify? I.e. "Technically," "Everyone is doing it," "Just this one last time."
5. What is a disciple's motive for moral purity?
6. On a scale of 0 (not in the least) to 10 (all day, every day), how much are you committed to honoring Christ with a pure life? Explain your answer. What needs to change in your life?
