

Dear Friends of Calvary Chapel,

I was writing today as a reminder that the Calvary Chapel Johnson County Bible Conference is scheduled for August 4-6. I'm excited to have several Calvary Chapel Pastors from different locations come and share with us and I wanted to encourage you if you would like to come that we'd love to have you, anyone can come provided they have the right heart. Meals will be provided so there is no cost to that and we have plenty of accommodations in the area for lodging. The one thing we don't have is child care.

I really feel that there is a great need for the body of Christ to return to our roots. Pastor Chuck Smith always did an incredible job of bringing believers together and allowing the Holy Spirit to have His way and so we'll attempt to do just that. We'll worship, study the Word, fellowship and look to Him to lead us in our time.

I think we would all agree that over the last several years our country has been in a great decline and I know of no answer but one, the Lord Jesus Christ. So this year our theme is "Jesus our Example" we've asked the speakers to focus on the Savior and the many examples He left us of how we should live, who we should be and how to navigate through this life as we look to shine for Him.

I've included a schedule which is subject to change and in need of a few more that we are waiting on the Lord to fill, but you'll have an idea of how the conference will go. I'd love to meet each of you, to fellowship together, to worship the King and enjoy some solid Bible teaching. Please call the church with any questions you might have, I am happy to help.

In Christ,

Jared Clements (913-829-9306)

Pastor

Calvary Chapel Johnson County
