Luke 19:41.42 (NKJV)

Now as He drew near, He saw the city and wept over it, ⁴² saying, "If you had known, even you, especially in this your day, the things *that make* for your peace! But now they are hidden from your eyes.

Genesis 1:1–3 (NKJV)

In the beginning God created the heavens and the earth. ² The earth was without form, and void; and darkness was on the face of the deep. And the Spirit of God was hovering over the face of the waters. ³ Then God said, “Let there be light”; and there was light.

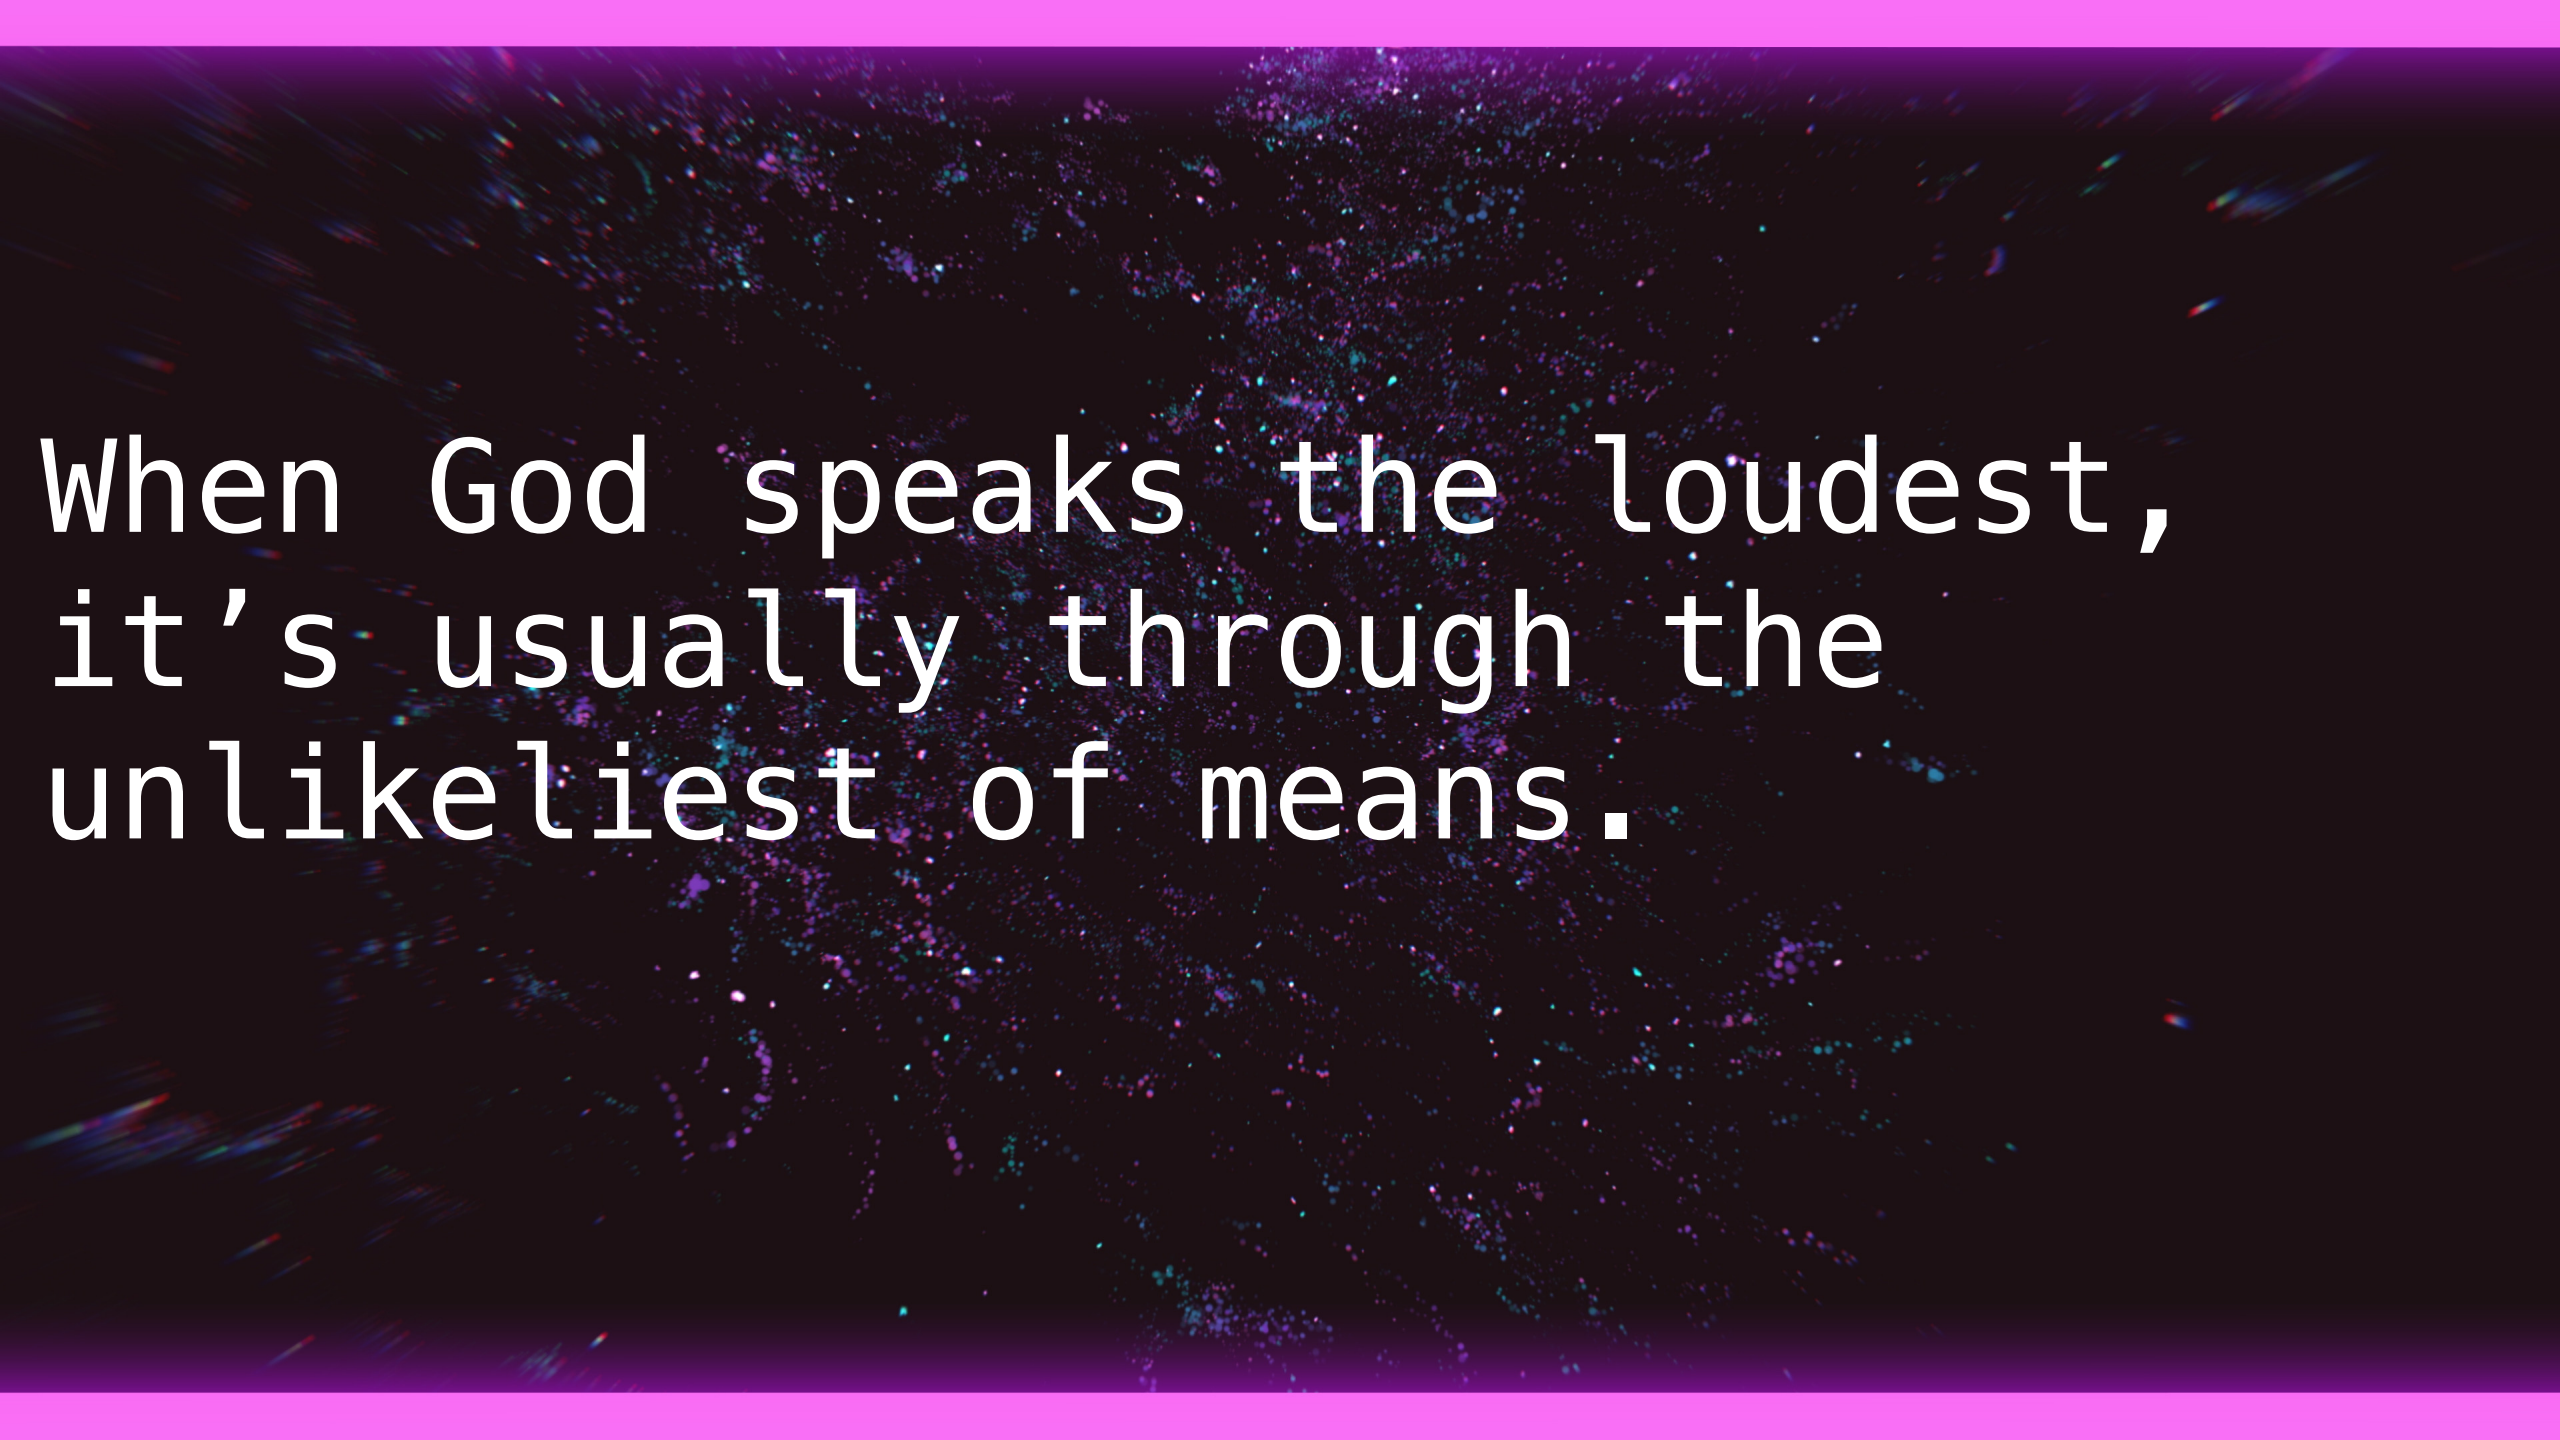

When Jesus walks into the room,
Everything changes,
Darkness starts to tremble,
At the light that you bring
And when you walk into the room,
Every heart starts burning
And nothing matters more,
Than just to sit here at your feet,
And worship you
When Jesus walks into the room,
Sickness starts to vanish,
Every hopeless situation ceases to exist,
And when you walk into the room,
The dead begin to rise,
'Cause there is resurrection life, In all You do

The greatest enemy of what will be is
the familiarity of what has been.

Why Did They Miss The Move of God?

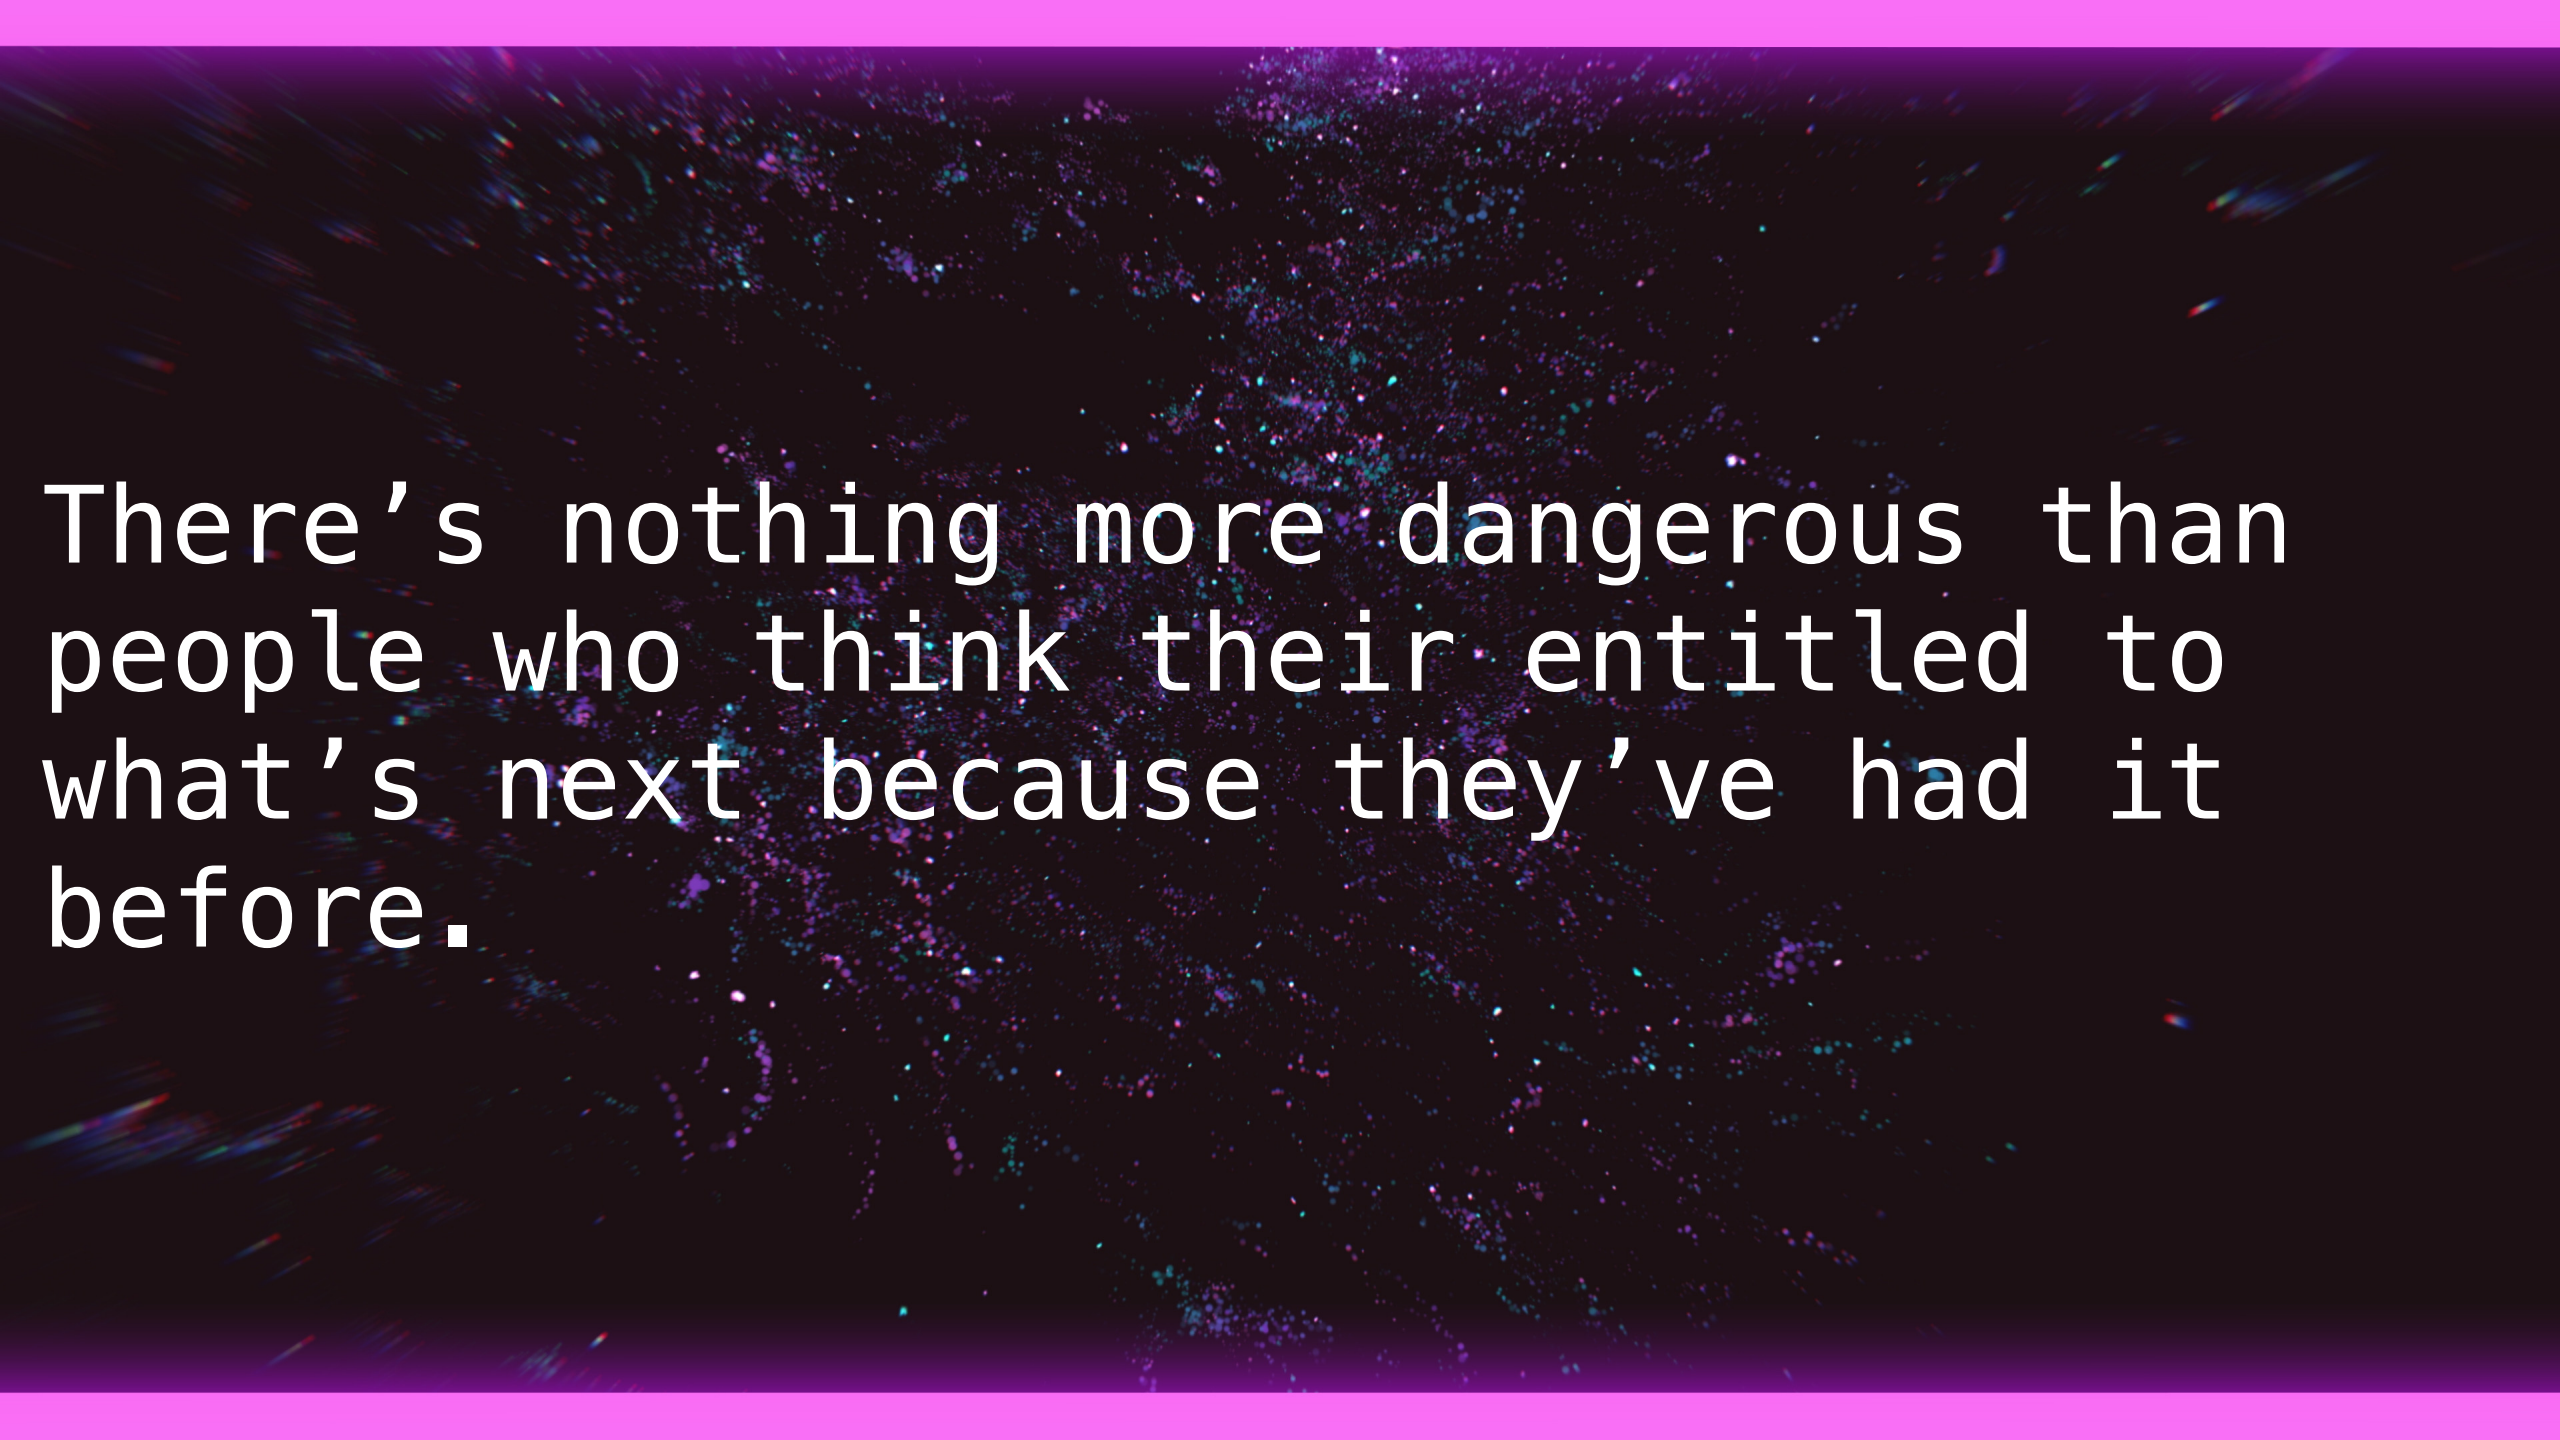

1. God moves through people we were not expecting.

When God speaks the loudest,
it's usually through the
unlikeliest of means.

Why Did They Miss The Move of God?

1. God moves through people we were not expecting.
2. God often moves in different places

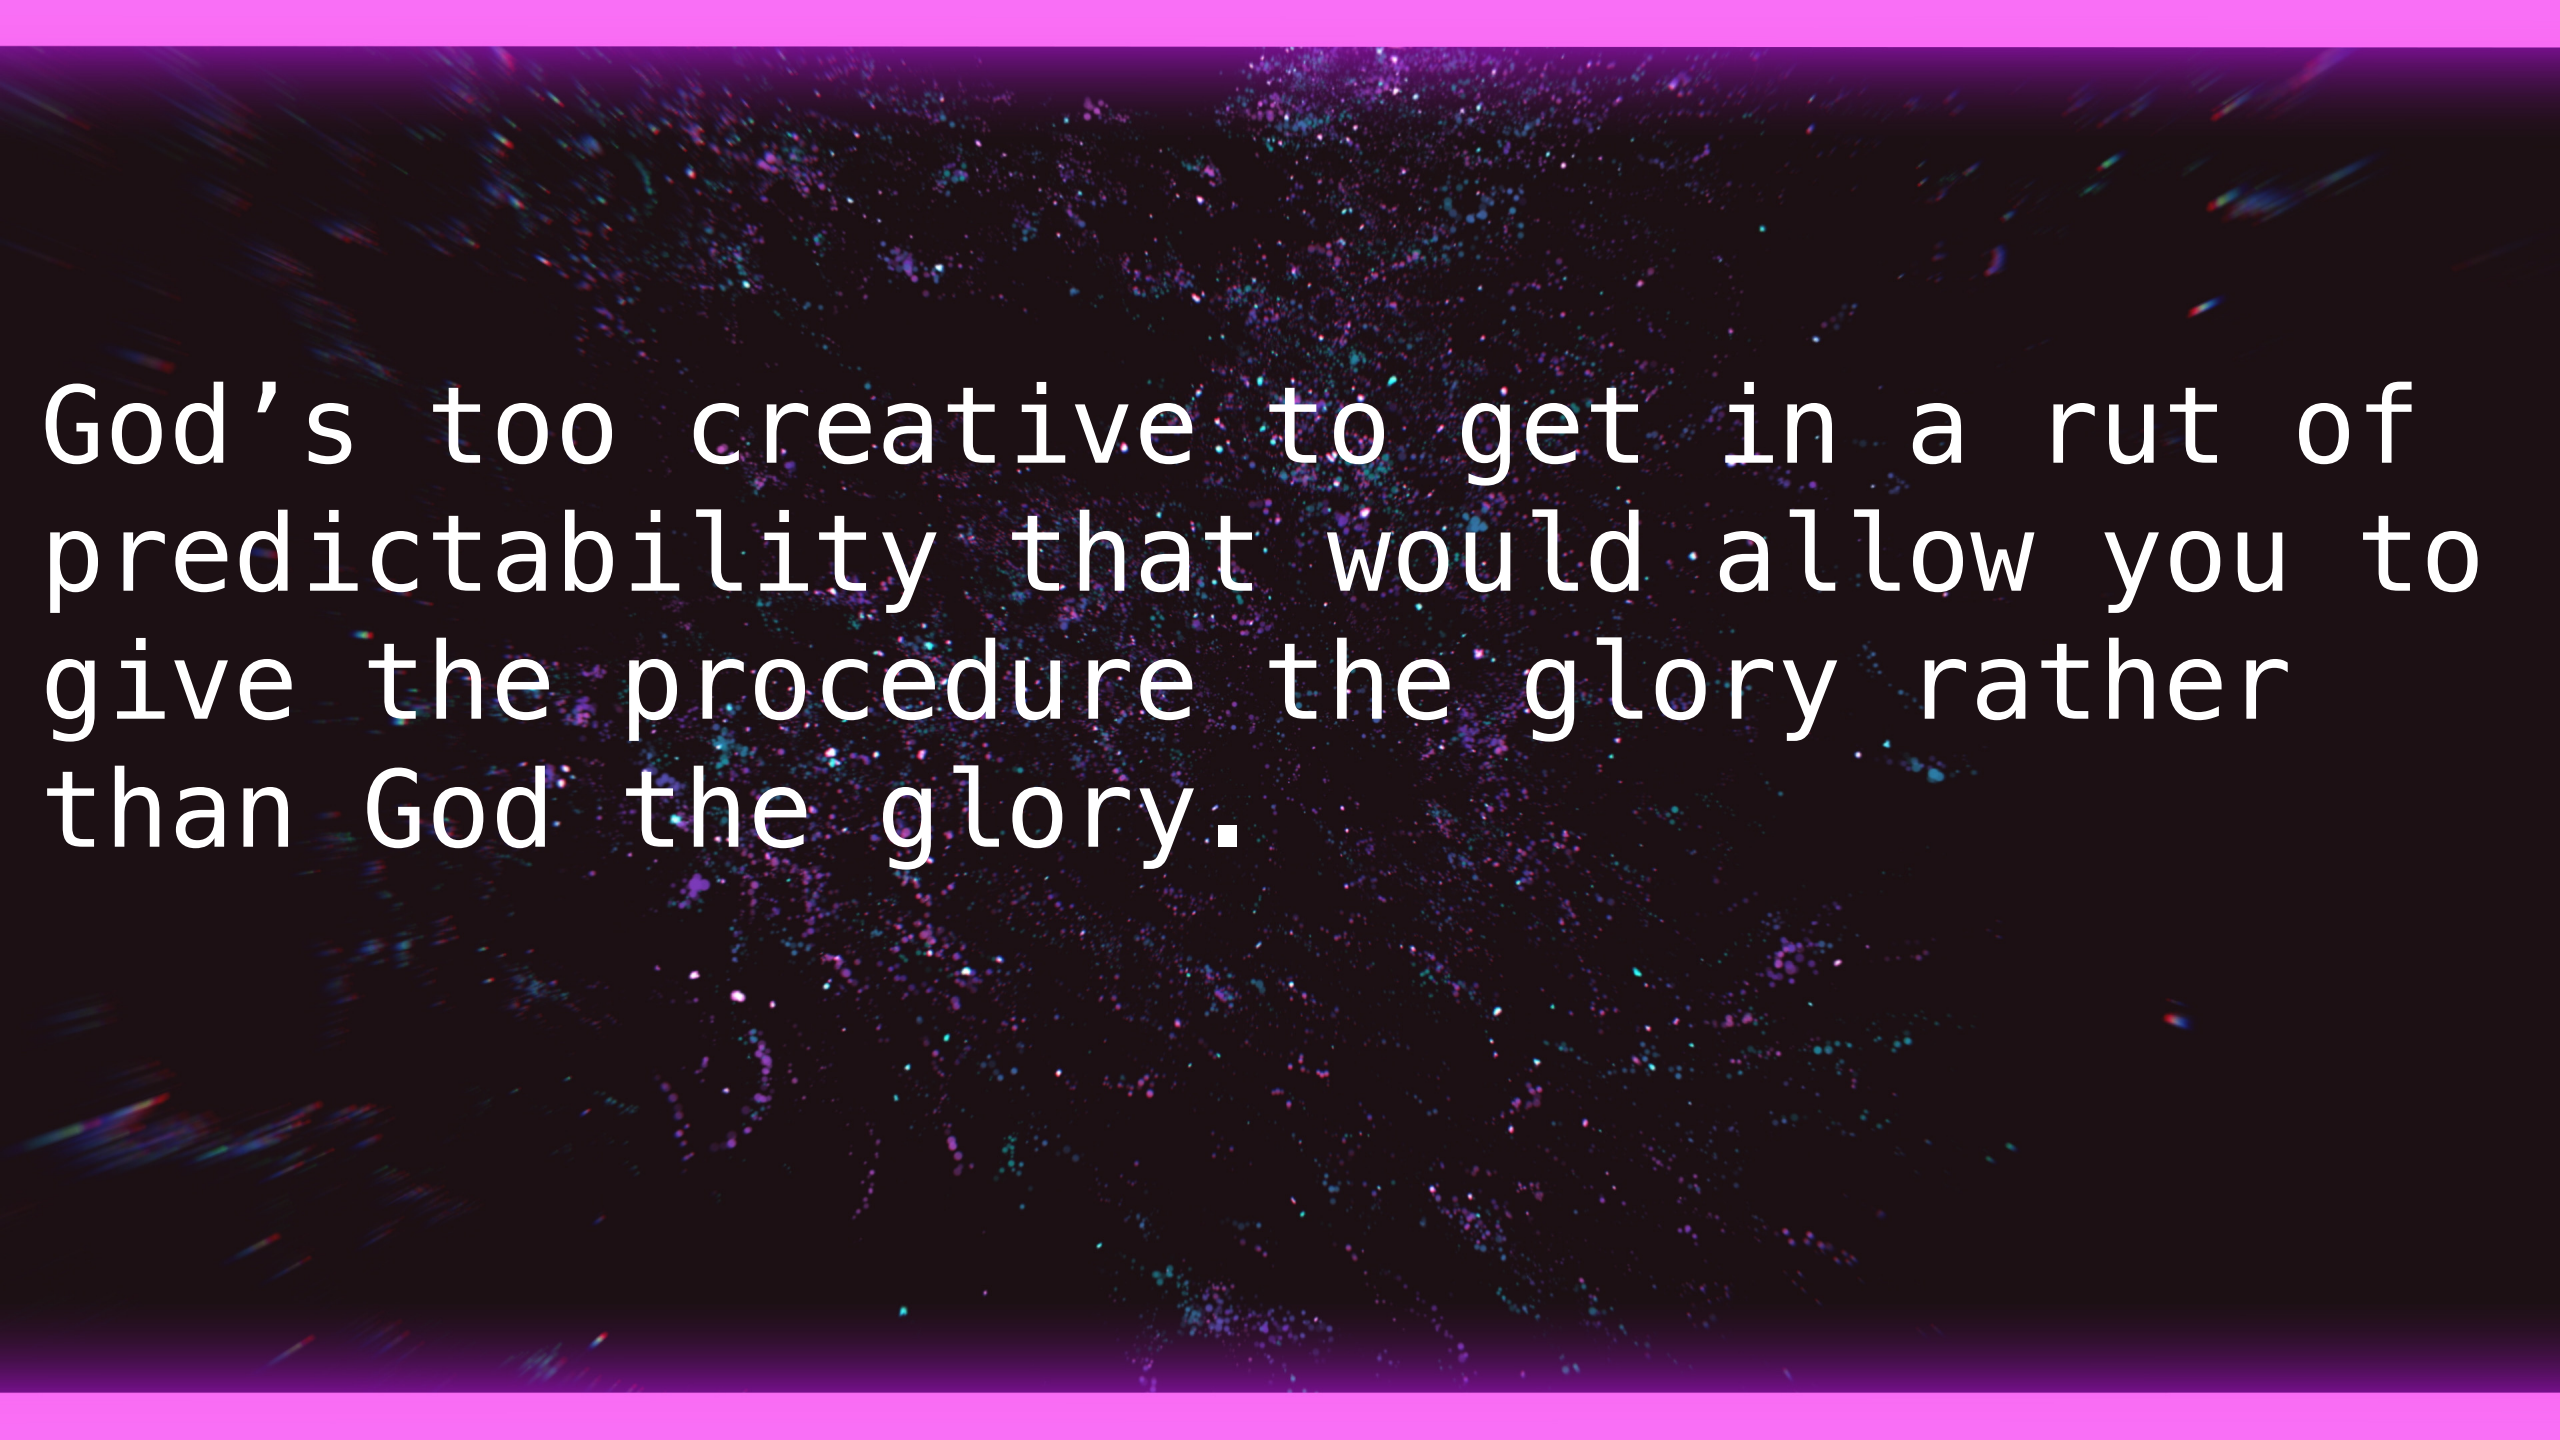

There's nothing more dangerous than people who think their entitled to what's next because they've had it before.

It is your current appetite for God
that will continue to make this a
place where God will move.

Why Did They Miss The Move of God?

1. God moves through people we were not expecting.
2. God often moves in different places
3. God uses different procedures

God's too creative to get in a rut of predictability that would allow you to give the procedure the glory rather than God the glory.

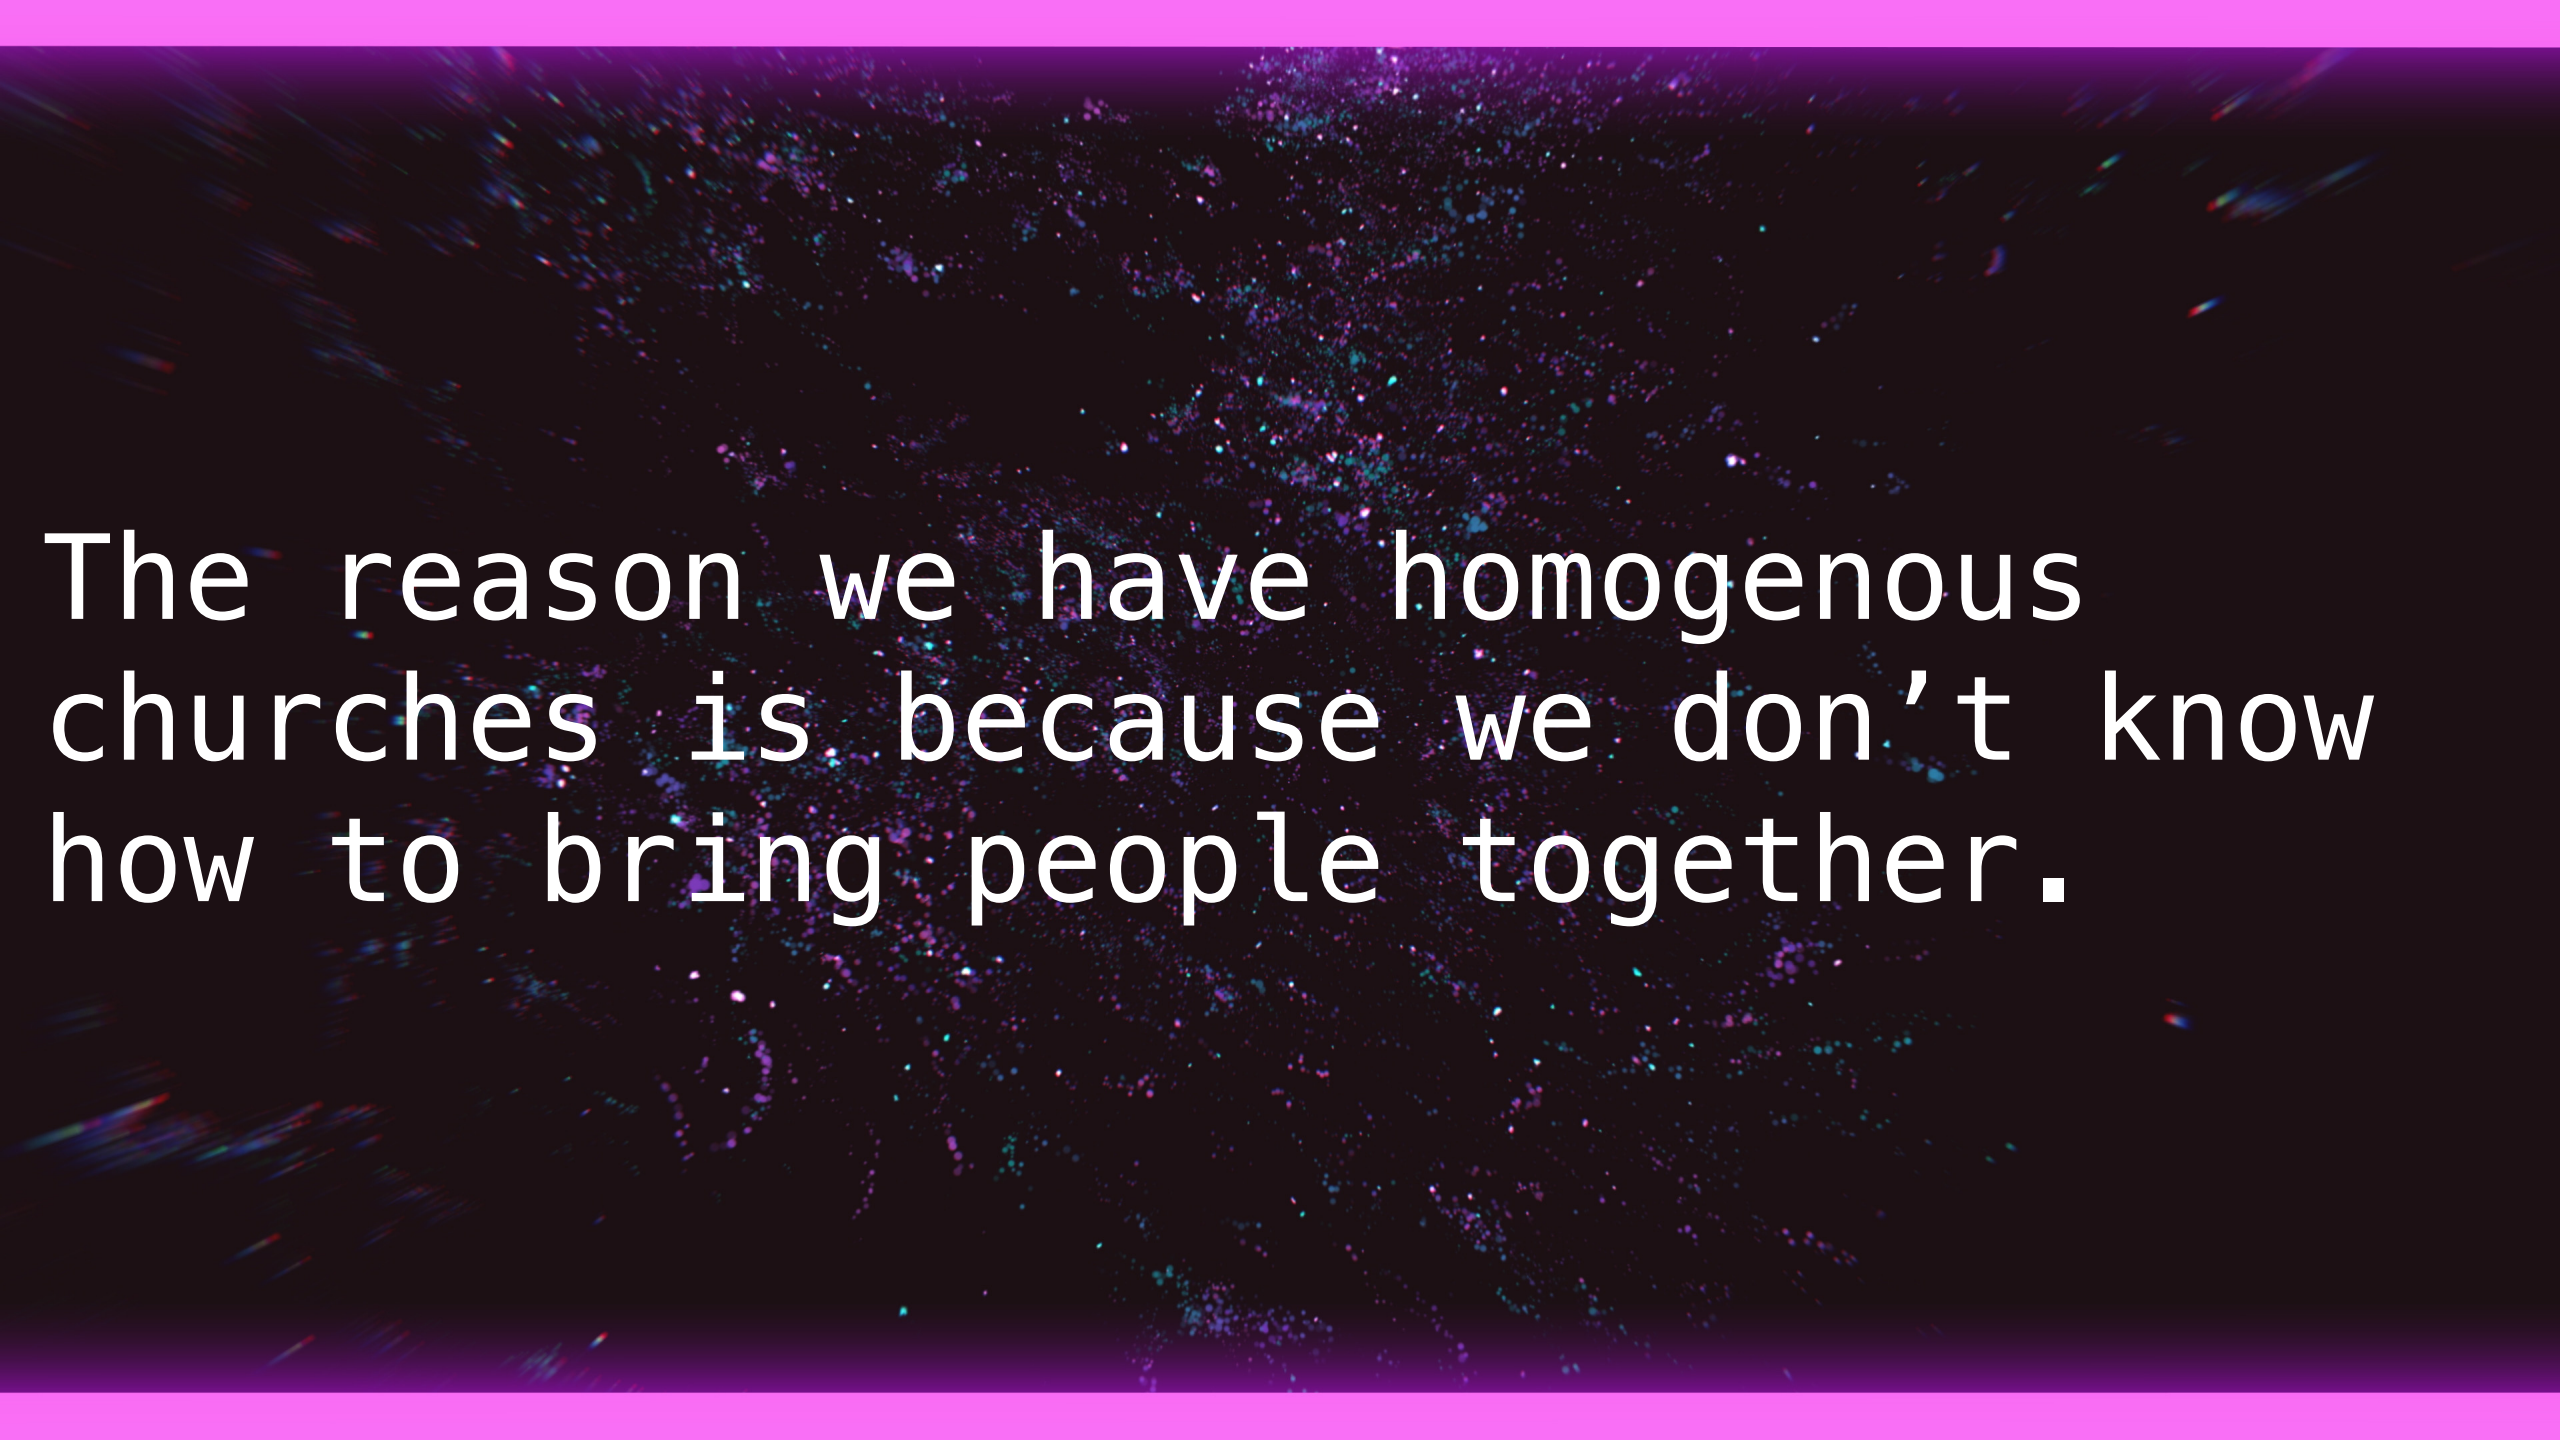

We need to learn to appreciate the fact that God can move in other ways other than what we are used to or even prefer.

We are infatuated with what
makes us comfortable.

Homogenous=
consisting of parts all of the same
kind;
Everything is alike.

The reason we have homogenous churches is because we don't know how to bring people together.

The background is a dark, starry field with a central bright spot. The stars are small, multi-colored dots in shades of blue, green, and purple. The overall effect is that of a deep space or nebula. At the top and bottom of the image, there are horizontal bands of a vibrant purple color.

Don't Miss the Move of God
