Thank You

To all the cast and crew, to Mrs. Olivia Lane, to Mark Shuman and Colby Chapman, to the parents and grandparents and all the other wranglers. To Mrs. Sandra Harris, to Celena Petty, to my daughter Meghan, and to Pickle. It's a joy to participate with you all.

The Theme

We wanted to make the greening of the church a special event this year. To really make it a celebration of the Advent Season, and to remind ourselves what all the festivities of Christmas are truly about. We especially wanted to involve the children, for there is no purer form of worship found than the innocent worship of children. We hope you will reflect and celebrate with us on this occasion, which we have been blessed to share in the warmth of both this sanctuary and this fellowship.

*Happy Advent
&
Merry Christmas*
