

**PART 4: Prodigal Son**

**DATE: 07-19-2020**

## START

Over the past couple of months there has been a lot that has gone on that can leave us feeling exhausted. Whatever energy level you have or have been able to maintain we can all agree that the past few months has left us drained. From changing news, injustices, and the pressures of everyday life.

- Where have you felt most drained these past few months?
- What injustices have you noticed these past few months that seem to have gone unanswered?

## READ

[Luke 18:7-8](#) (NLT)

So don't you think God will surely give justice to his chosen people who cry out to him day and night? Will he keep putting them off? I tell you, he will grant justice to them quickly!

## THINK

In the parable of the unjust judge, the judge is persistently visited by a widow seeking justice in her life. The point is that we are to always pray and have hope in the return of Jesus and Him bringing justice. Our continuous prayers align our hearts with God's.

- How can our prayers allow God to align our hearts to his?
- What is a persistent prayer that you have had?

When Jesus died and rose again, God provided ultimate justice for our lives and communities. As we wait for his return we continue to do what we can do, pray always, and continue to have hope.

- What are some things you can do to help promote justice?
- How can we promote justice through our prayers?

## PRAY

Pray that God will continue to give you hope and for Him to bring justice and let His kingdom be revealed on Earth as it is in heaven.

## ACT

This week, when you think about all the things that are going on commit them to prayer.
