

It seems that everyone has heard about “**Antichrist**.” Even folks who know very little about the Bible seem to be aware that it prophesies about an extremely wicked person showing up to make a hardcore run at ruling the world. Well, the truth is, Antichrist is on the way. In fact, he is one of the most talked about persons in Scripture and will be the worst human, in terms of pure evil, to have ever walked this planet. The Apostle John informs us: *Children, it is true, antichrist is coming and it is all a part of how we can know that the end is near. The spirit of the antichrist is already at work in the world. Those who do not acknowledge that Jesus Christ came as a real man in real human flesh are deceivers and the antichrist* (1 John 2:18, 4:3; 2 John 1:7). Christians need to be aware of Antichrist and beware of Antichrist. Know this: Antichrist, as scary and powerful as he will be, is going to be completely defeated by Jesus. Today, we look ahead in time, through the lens of God’s Word, to learn what we gotta know about Antichrist. You see who he is, what he does, and how he meets his end is all a part of **God’s ultimate** plan for us individually and Creation as a whole.
