## We Love God the Son

Week 2: Christology

ncff

Today we continue our DEEP DIVE series by turning our attention to Jesus Christ. Now, no matter what people think *of Jesus*, everyone has thought *about Jesus*. All of recorded human history is divided by His birth into BC & AD. His teachings are considered so radical that they're outlawed in nations all over the world. Wherever you look, the Cross (symbol of Jesus' death) is seen in the form of monuments, art, jewelry, decorations, and tattoos. And you know, we also all have questions *regarding Jesus*. Was there a real person named Jesus or is He something akin to a comic book character? Sort of like the Batman of 2,000 years ago? Was He just a good enough guy or was He actually God? Is He a friend or a fraud? Is Jesus one of many ways to God or is He the only Way to God? Let's try to answer these questions and, as we do, learn to love and appreciate Jesus all the more in the process.
