### **First Things First - Week 3 Worship**

Pastor Konan continues on in our First Things First series with Worship. Music may be the first thing you think of when it comes to worship,, but worship is much more than that. Worship is where we give our time, money, thoughts, and energies. What we worship...determines the direction of our lives. In this message we explore how we can discover what we truly worship and how we can begin to live in a lifestyle of worship to God.
