

Money Has A Mission

Duet. 8:18 – Rom. 1:16

Study Guide

When we talk about supernatural increase, one of the greatest concerns that rises up in the minds of people is "How?" How is God going to prosper me? How is He going to get the money to me?

if you start dealing with "How?" then you're actually trying to figure out some way to make it happen yourself. You're trying to help God, and He doesn't want your help. He doesn't need your help.

Mark 4:26-27

Never challenge someone who is standing on God's Word.

The truth is this revelation—"I'll Never Be Broke Another Day In My Life!"—is not just about money. It deals with the entire spectrum of God's kingdom.

It's a revelation from heaven. . . a Word from God. So, accept that you don't have to know how your financial deliverance will happen.

Just let the revelation the reality of it — seep down into your spirit . . . and for once just stop thinking about your bills.

Mark 4:28-29

What God does hold us responsible for knowing is when our harvest has come. **Therefore, you have to be expecting it.**

For example, when someone tries to hand you a 10 dollar bill, or a 20 dollar bill, just receive it.

Receive it! It's the first fruits, it's the seed—for your \$10,000 and or \$20,000 harvest.

God is trying to get money to you. You are His covenant child and you have no business being buried in debt and having dreams you cannot fulfill.

God Is A Giver

If there is one thing you should know about God and money, it is that God will never hold out on you.

Hebrews 11:6

God is a rewarder. That means He's a giver. God is your rewarder, and you cannot seek Him without getting the reward. One way or another, He is going to give to you.

John 3:16 _____**Ephesians 2:89** _____**Matthew 6:33** _____**Romans 8:32** _____**Luke 11:13** _____**2 Peter 1:3** _____

God promised you His Son, and He gave. God promised you His Holy Spirit, and He gave. God is willing to give you everything. , just as He promised.

God is a giver. But if you do not see Him as a giver and understand Him as a giver, you will never walk in the fullness of what He wants you to have and with God, there are no limits.

So, the real question is this: Are you a receiver?

Are you willing to let yourself, the devil, or someone else, talk you out of this revelation as well as the wealth God wants you to have?

God Needs You Rich

He needs you to be wealthy. Yes, because you have chosen to study God and Wealth, God especially needs you to walk in the fullness of your covenant blessings. He needs you to be wealthy.

Why? In part, He needs you to help make up for those in the Body of Christ who cannot conceive in their wildest imagination that their finances are for reasons bigger than a big house and a big car.

Deuteronomy 8: 18

Your financial stability is particularly valuable to God.

It is through your being financially free that God can establish His covenant in the earth.

In other words, you are God's banker in this natural realm. Whatever aspect of the gospel or vision He needs to get over to people, He is looking to you for it.

Since God cannot do anything in the earth without you, He certainly cannot afford for you to be broke. He cannot afford for you to be living from paycheck to paycheck. He cannot even afford for you to be praying under pressure.

God needs you asking Him, "Where do you want me to sow this money, Father?"

Who needs this money, Lord? Where does it need to go?"

If you do not adhere to the wealth message of the gospel, then it will hinder God's work in the earth. Satan knows that, which is why he does everything possible to hinder it.

Yes, God is a rewarder. He is a giver.

Proverbs 3:4-10

Psalm 37:5-9

Your ultimate inheritance is the nations. . . the peoples of the earth.

Sadly, many church folks are so "spiritually deep" that the work of the Lord almost goes under because they are simply not available to support it.

No More Limits

There has been a lot of discussion about the thirty-fold, sixty-fold and hundredfold harvest in the Body of Christ. Is it for today? Does it apply to finances?

Mark 4:20

God is interested in something far greater than 30-fold, 60-fold or 100-fold when it comes to your finances.

Deuteronomy 1:11

God is limited to blessing your life to the capacity that you are able to receive.

The only limit God has in your life is the limit of your own capacity to receive.

Only you can limit what you can receive from God. God doesn't place any limits on it,

God is the unlimited God! He is the Most High!

Luke 6:38

Ephesians 3:20

When we release faith-filled words into the atmosphere, angels respond. They attend to your prosperity.

Psalm 118:23-25

Luke 19:1-8

Romans 1:16

When a person gets saved, prosperity comes with it. The seed of wealth is on the inside of you waiting to attach itself with your faith, to bring the manifestation in your life of wealth and prosperity and success.

That seed of wealth is just waiting to mix with your faith to bring the manifestation of your covenant into your life and into the lives of countless numbers of people around the world.

Prosperity is yours. It is biblically and rightfully yours. But with that prosperity comes a divine purpose.

Your money comes from God and it comes with an assignment.
