Financial captivity is a very strong bondage in the Church.

A Biblical Example of Supernatural Debt-Cancellation

Do you believe in supernatural debt-cancellation? God supernaturally cancelled the Israelites' debt. God has always used His prophets to give instruction to His people to show them the way out of where they were and into where He wanted them to be.

You can not only come out of "Egypt" you can come out preserved!

Strong and rich, you can come out of your Egypt and enter into your promised land!

Divine mercy is on our finances. We have been delivered and healed financially.

DECLARATION

I decree that all of our tithes and every seed that we've have sown will begin to manifest as never before in our lives. I make a demand on the power of wealth on our behalf. In the Name of Jesus, I declare that our financial struggles are over and when the Lord brings us out, we are brought out to stay out!
