INTRODUCTION TO SPIRITUAL GIFTS

In the past 100 years of the resurgence of the Pentecostal/Charismatic experience the Church (big "C") has seen an exponential growth of adherents. This begs the question: how has this been accomplished? Is there something different about Pentecostals/Charismatics? Is there a primary cause that launched this small group to exploded this fast? Is there some secret to the growth of the church?

Ed Stetzer shares 5 key points:

2. Empowering the _____ of the church.
3. Aggressive church _____.
4. Mobilizing laypersons for the _____.
5. Prioritizing the _____.

The early church was Pentecostal/charismatic in their _____

Scriptures: 1 Corinthians 12:4-11, Ephesians 4:11-13, Romans 12:4-8.

Spiritual gifts point to Christ's work and His ongoing _____ through the Church. Every gift reflects Christ's _____ and mission, and they collectively build up the body of Christ, which is His representation on earth. St Augustine of Hippo:

At the Fall, man's natural gifts were corrupted through sin, while his supernatural gifts were entirely lost.

When we as the church operate in the gifts of the Holy Spirit in the context of Love, we return to a _____ of our original design.

CONCLUSION

The Bible teaches that every believer has been given at least one spiritual gift, which must be recognized and utilized for the benefit of the whole Church. It also emphasizes the importance of community and collaboration within the body of Christ, clarifying how different gifts work together harmoniously.
